Highlights

Skin protection system

The unique skin protection system guards even your most sensitive body areas, allowing you to comfortably trim hair as close as 0.5mm (1/64") without direct contact between the sharp edge of the blades and your skin.

Bidirectional trimmer and comb

Cut hair that grows in any direction using the bidirectional body hair trimmer and 3mm (1/8") comb.

100% Showerproof

Your wet and dry body groomer is 100% water resistant, so you can use it in or out of the shower. For best results, use on dry hair before showering.

AA battery power

Compact and efficient, you will get up to 2 months of trimming power from a single Philips AA Alkaline battery. Run-time may differ depending on hair type and grooming frequency.

Ergonomic grip

Your body groomer is easy to hold and manoeuvre, with a rubber ergonomic grip to help you keep control while you trim.

Shower cord

Hang your Philips body trimmer up in the most convenient location for you. Simply attach it to the shower cord and hang it up.

Built to last

All of our grooming products are built to last. They come with a 2 year warranty and they never need to be oiled.
