

Bluetooth® Party Speaker | 3.5 Hours Playtime | 150W | IPX5 Waterproof | TWS | Carrying Handle | Party Lights |

General information

Bring the party with you wherever you go, thanks to this Nedis® Bluetooth® party speaker. It delivers a powerful, full-range sound performance with a 150 W peak power output - for up to 3.5 hours long. Pair this portable sound solution with your smartphone or other Bluetooth®-enabled device, or insert a USB flash drive. Enjoy your favourite tunes in all your favourite places, including a day at the beach, as this boombox features IPX5 protection.

Features

- Peak power output of 150 W - for a clear, dynamic sound reproduction
- Bluetooth 4.2 - stream music wirelessly from any Bluetooth-enabled device
- Anti-skid bottom - for a firm grip
- Operating range of 10 m - providing ample freedom of movement
- USB, AUX port and a 6.35 mm microphone input - various options to play your own music tracks and sing along with them
- Total battery capacity of 4400 mAh - for up to 3.5 hours of wireless playtime
- Premium design - with integrated handle and optional party lights
- 4.1 channel speakers - providing 360° stereo sound with extra bass
- IPX5 rating - waterproof design for usage on many times and moments
- True Wireless Stereo (TWS) - pair two party speakers to double the audio experience
