

LEGION H600 WIRELESS GAMING HEADSET

THE PINNACLE OF TRUE WIRELESS GAMING.

Designed to provide a truly wireless audio experience like no other, the Lenovo™ Legion H600 sports a premium 2.4 GHz lossless wireless receiver, tournament-grade audio, wired and magnetic contact charging, and a 3.5 mm jack for hassle-free multi-platform support. Its most defining feature is the ability to wirelessly charge when hung from the new Legion S600 Gaming Station, so that you don't have to clutter your desk or remember to plug-in the charging cable.

WHY YOU NEED THE LENOVO LEGION H600 WIRELESS GAMING HEADSET

Lossless Wireless Connectivity

Perfectly balanced for optimal speed and audio quality, the H600's USB-A wireless receiver provides lossless, high-speed connectivity. With a blazing fast <35 ms latency, you'll be able to perceive and act faster than your foe.

World-Class Audio Immersion

The H600's 50 mm audio drivers produce expansive sound with up to 3M range, and its unidirectional noise-canceling microphone provides crisp communication. With the flip-to-mute microphone and a large, reliable volume knob, the H600 surpasses any pro gamers' expectations.

Perfect Fit With Legion Quality

With a carefully tuned clamping force and angle, the headband stretches and retracts to fit the wearer's head seamlessly and stays flat around the neck during breaks. The angle-adjustable earcups are made in memory foam and, just like the headband's inner side, covered in breathable cloth.

LEGION H600 WIRELESS GAMING HEADSET

SPECIFICATIONS

PERFORMANCE

Headphone	
Transducer Type	: Dynamic 50 mm with Neodymium Magnets
Frequency Range	: 20 Hz - 20 kHz
Impedance	: $32\Omega \pm 15\%$ @ 1 kHz
Sensitivity (SPL)	: 105 ± 3 dB / 1 mW @ 1 kHz
Power Handling Capacity	: 50 mW
THD	: 200-20 kHz $\leq 3\%$
Microphone	
Transducer Type	: Electret Condenser Microphone with Noise-canceling
Operating Principle	: Pressure Operated
Polar Pattern	: Unidirectional
Nominal Impedance	: $\leq 2.2K\Omega$
Frequency Range	: 100-7 kHz
Sensitivity (SPL)	: -44 ± 3 dB
Connectivity	
Wireless 2.4 GHz by USB-A Receiver, or Wired by 3.5 mm Jack
