

AMD RADEON™ RP1866

Performance Series

DESCRIPTION

AMD Radeon™ RP1866 is optimized for the latest generation AMD and Intel processors. The Performance Series is built using high-quality memory chips designed to offer unrivalled performance. The low profile heat spreader provides additional protection with the added assurance of high compatibility testing, backed by a lifetime warranty. Running frequencies up to 1866MHz the performance series comes equipped with AMD Memory Profile technology enabling an easy overclocking experience through AMD OverDrive™ on compatible AMD-based platforms. The Performance Series is the perfect solution for PC users seeking extreme reliability and high performance for gaming and memory-intensive multimedia applications.

KEY BENEFITS

- Enjoy controlling your memory without the limitations
- Upgrade and experience more memory bandwidth to create, edit and download with ease.
- Experience the benefits of memory designed to offer unrivalled performance for gaming and multimedia production.

TECHNOLOGIES

Designed to take advantage of your system memory to create a virtual drive enabling additional performance enhancements to your PC.

Built for AMD platform compatibility, AMP Technology offers enhanced latency, AMD memory profiles, and a tuning utility known as AMD Overdrive™.

Manufactured by Dataram Corporation

Product Information

Product Family	Performance Series
Product Name	AMD Radeon™ RP1866
Spec	DDR3 PC3-14900 1866MHz
Certification	RoHS
Warranty	Lifetime
DIMM Dimensions	5.250" x 1.181" x .155"
Packaging Type	Retail Box

Part Number	Shielded	Capacity	Kit Capacity	MHz	Timings
AP38G1869U2K	Yes	8GB	2 x 4GB	1866	9-10-9-27
AP38G1869U1K	Yes	8GB	2 x 4GB	1866	9-10-9-27
AP316G1869U2K	Yes	16GB	2 x 8GB	1866	9-10-9-27

Features

PC3-10600 (1333MHz)

Voltage 1.5

Equipped with an extruded aluminum shield to provide improved protection with thermal conductivity up to 165W

Low Profile

100% Tested and Verified

Unlock up to 6GB of AMD Radeon™ RAMDisk

Compatible with AMD and Intel Platforms

Unshielded available
