

Runs cool and distraction-free

Up to 1553MB/s real-world performance <sup>1</sup>

Uses any NVMe M.2 2280 SSD available today, as well as future models

First bus-powered enclosure that meets stringent Thunderbolt power requirements

## OWC ENVOY EXPRESS

### WORLD'S FIRST THUNDERBOLT™ CERTIFIED, BUS-POWERED, 'ADD YOUR OWN DRIVE' ENCLOSURE

Be one of the first to experience the next incarnation in data storage for Thunderbolt. OWC Envoy Express is kind of a big deal. For the first time ever in the history of Thunderbolt, you can install your own drive in a bus-powered Thunderbolt certified enclosure. This little number can be built to meet your specific needs and rebuilt anytime those needs change. Assemble it with a brand-new drive for a fast boot drive, re-task an existing drive replaced during an upgrade for added storage and backup capacity, or even use it to regain access to files removed from an inoperable machine. Finally... a DIY kit that breaks free from pre-configured choice limits.

OWC Envoy Express lets you do it all, whether you want to back-up your photo and music libraries, share files, play games and movies on the road, or even capture and edit up to 8K of video. It supports super-fast data transfer rates of up to 1553MB/s, which is usually faster than your machine's existing internal drive performance! More options. More usability. More functionality. Only from OWC.

#### Key Features

- Integrated 10.2-inch Thunderbolt 3 cable
- Shorter than a ballpoint pen, weighs a mere 3.3 ounces with drive
- Black anodized aluminum provides field-tough data protection
- Works cross-platform with Macs and PCs using OWC's MacDrive software (sold separately)
- Includes optional computer slide mount for safe, out-of-the way use
- 2 Year OWC Limited Warranty

## OWC ENVOY EXPRESS

### TECH SPECS

#### INCLUDES

- OWC Envoy Express with integrated Thunderbolt cable
- Enclosure slide mount
- Quick start guide

#### SPECIFICATIONS

##### Interface

- Thunderbolt 3 integrated cable

##### Display Support

- M.2 2280 NVMe SSD (M-Kekeyed)

##### Power Supply

- Bus powered via Thunderbolt 3

#### SYSTEM REQUIREMENTS

##### Operating System

- Mac: macOS 10.13 or later
- PC: Windows 10 or later

##### Hardware

- Any computer with a Thunderbolt 3 or later port

##### Bootable

- Mac: macOS 10.13 or later
- PC: Booting not supported

#### WARRANTY

- 2 Year OWC Limited Warranty

#### DIMENSIONS + WEIGHT

##### Enclosure Dimensions

- Without slide mount
  - 1.7 in (W) x 0.5 in (H) x 4.2 in (D)
  - 4.4 cm (W) x 1.2 cm (H) x 10.6 cm (D)
- With slide mount
  - 2.0 in (W) x 0.6 in (H) x 4.2 in (D)
  - 4.9 cm (W) x 1.6 cm (H) x 10.6 cm (D)

##### Enclosure Weight

- Without slide mount
  - 3.1 oz (88.0 g)
- With slide mount
  - 3.8 oz (107.0 g)

##### Cable Length

- 10.2 in (26.0 cm)

##### Box Dimensions

- 4.3 in (W) x 1.4 in (H) x 6.0 in (D)
- 11.0 cm (W) x 3.5 cm (H) x 15.2 cm (D)

##### Box Weight

- 0.6 lb (0.3 kg)

##### Master Carton Dimensions — 40 pieces

- 12.7 in (W) x 9.6 in (H) x 15.2 in (D)
- 32.3 cm (W) x 24.5 cm (H) x 38.5 cm (D)

##### Master Carton Weight — 40 pieces

- Gross weight: (9.3 kg)

1. Drive not included. Performance results will vary depending on user installed drive. 1553MB/s performance based on testing a 2.0TB OWC Aura Pro P12 equipped Envoy Express connected to an iMac Pro Late 2017 (iMacPro1,1) with 32GB RAM and 3.2GHz processor running AJA System Test (4K-Full resolution, 16GB file size, 10bit RGB codec, single file test).
