Description

The 128889 USB-C to USB-C coiled cable is designed for flexible charging and data connectivity in compact or dynamic setups.

Featuring a 90° angled USB-C connector on one end and a coiled cable design, it reduces cable strain and saves space when connecting devices in tight environments. The cable supports USB 2.0 data transfer speeds of up to 480 Mbps, making it suitable for everyday peripherals and synchronization tasks.

With support for USB Power Delivery up to 60W (20V/3A), the cable provides stable charging for smartphones, tablets, and compatible USB-C devices. Double shielding, nickel-plated connectors, and a durable PVC jacket ensure reliable performance and long service life.
