

Wi-Fi Smart Outdoor Extension Socket | 2x Schuko Type F | Weatherproof | IP55 | 16 A

General information

Control two outdoor appliances remotely simply by plugging them into this Nedis® wireless smart extension socket which is connected to your smartphone or tablet via your Wi-Fi router.

Easy to set up

You don't need to be a technical genius or an electrician to control and automate your plugged-in appliances and devices. All you actually need is this Smart Extension Socket and your Wi-Fi router. Our intuitive app will give you the ability to switch appliances on and off remotely and automatically. It can even work in connection with voice control systems such as Amazon Alexa or Google Home.

Weatherproof

This extension socket is resistant to any weather with its waterproof housing (IP55 when not in use) and can take temperatures ranging from -30 to 60 °C.

Schedule and pair

Set up time schedules for the plug to switch on appliances or connect them with others to create ambient scenes that can be activated with a single command or press of a button.

About Nedis® SmartLife

Discover a wide and ever-expanding range of products - such as bulbs, switches, sockets, sensors, and cameras - that can all be controlled through an easy-to-use and intuitive app. With voice control features supported by Amazon Alexa and Google Home, and no need for anything more than your existing Wi-Fi network, this is the connected, smart home made simple.

Whether you're looking for a single smart bulb or socket, or you want to automate your entire house, discover how accessible smart technology is today.
