

CONGRATULATIONS!

You are now the proud owner of a ROCCAT® Sova! The Sova represents a new chapter in comfortable gaming by bridging the gap between PC and TV. It completes the picture by taking what you already have and providing you with a super easy PC solution for your couch, letting you enjoy comfortable gaming with gaming grade devices. Just connect it to your TV, plug it in to your PC, hook up your favorite USB headset and mouse – and game on!

SIMPLE & EFFORTLESS

PC gaming on your sofa, without compromises. Use your favorite USB mouse and headset together with the Sova's top-end keyboard and mousepad for a perfect couch gaming experience.

ULTRA COMFORTABLE

Featuring durable, fibre-improved plastics for the stability of metal without the unnecessary weight. Couch gaming with superior comfort thanks to ergonomic lap cushions and wrist rest.

SUPER CUSTOMIZABLE

Modularity as a central focus means max customization. Design your own signature parts or swap out components to improve your gaming abilities, such as adding a ROCCAT® cloth mousepad.

Should you need assistance ...

SETUP YOUR SOVA

REPLACEABLE COMPONENTS

To remove the cushions and wrist rest, simply reach into the recesses underneath the Sova and gently pop them out to release them.

COMPATIBLE CLIP-ON ACCESSORIES

To clip on the mouse bungee, pull from the top and push the bottom part through the rail. Slide it left or right into the position perfect for you.

WHAT'S ROCCAT® SWARM?

Swarm provides computer to smartphone integration for Sova. PC side it offers a software suite and an overview of all your ROCCAT® device settings. Smartphone side it's an extension of the computer software, letting you quicklaunch games, configure illumination options, check your APM, your GPU/CPU temperatures – and more.
