## 3 delicious fresh bean coffees, easier than ever LatteGo, the fastest to clean milk system ever\*

Easily make aromatic coffee varieties like Espresso, Coffee and Cappuccino at the touch of a button. LatteGo tops milk varieties with silky smooth froth, is easy to set up and can be cleaned in as little as 15 seconds\*

### **A variety of coffees customized to your taste**

- Enjoy 3 coffees at your fingertips
- Silky smooth milk froth thanks to high speed LatteGo system
- Adjust aroma strength and quantity via My Coffee Choice
- Easy selection of your coffee with intuitive touch display
- Easily adjust to your taste with 12-step grinder levels

### **High quality coffee from fresh beans**

- 20,000 cups of finest coffee with durable ceramic grinders
- The perfect temperature, aroma and crema cup after cup\*

### **Effortless use and cleaning for everyday enjoyment**

- Easy cleaning thanks to fully removable brew group
- Up to 5000 cups\* without descaling thanks to AquaClean
- LatteGo is exceptionally easy to clean: 2 parts, no tubes
- Dishwasher safe parts for your convenience

# Highlights

## 3 aromatic coffees

Enjoy your favourite coffees for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your fully-automatic espresso machine delivers a perfect in-cup result with no hassle and in no time!

## AquaClean filter

By changing the filter after being prompted by the machine, you will not need to descale your machine for up to 5000 cups\*, while enjoying clear and purified water.

## Removable brew group

The brew group is the heart of every fully automatic coffee machine, and should be cleaned regularly. The removable brew group allows you to clean it thoroughly just by rinsing it under the tap.

## LatteGo milk system

Top your coffee off with a silky-smooth layer of milk froth. The LatteGo mixes milk and air at high speed in the round frothing chamber, then adds a splash-free, creamy layer of milk froth to your cup at just the right temperature.

## 2 parts, no tubes milk system

Our 2 parts milk system has no tubes or hidden parts and can be cleaned in as little as 15 seconds under tap\* or in the dishwasher.

## 100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20.000 cups.

## My Coffee Choice

Adjust the strength and quantity of your beverage with the My Coffee Choice menu. Easily choose from three different settings to suit your preferences.

## Intuitive touch display

The irresistible taste and aroma of coffee from fresh beans is just one touch away. Our intuitive touch display allows you to easily select your favorite coffee.

## Perfect temperature and aroma

The Aroma Extract system intelligently strikes the optimum balance between brewing temperature and aroma extraction by keeping the water temperature between 90 and 98°C, while regulating the water flow rate, so you can enjoy delicious coffees.

## 12-step grinder adjustment

Our durable ceramic grinders can be adjusted in 12 steps, so you can turn your beans into anything from ultra-fine powder to coarse grindings.

## Dishwasher safe parts

For your convenience, you can put LatteGo (or Classic Milk frother), drip tray and the coffee ground container in the dishwasher. This will save time and ensure a hygienic cleaning.

# Specifications

## Accessories

**Included:** Measuring scoop, Water hardness test strip, AquaClean filter, Grease tube
