

245510 12W 2-Port USB Car Charger, Dual USB-A, 2.4A Fast Charging, 12V-24V Universal Compatibility

Product Images

Short Description

- **Power Output & Speed:** Provides a steady 12W total output with up to 2.4A for efficient charging of smartphones and tablets.
- **Port Configuration:** Features dual USB-A ports, allowing you to power two mobile devices simultaneously without needing multiple adapters.
- **Design & Form Factor:** Ultra-compact, low-profile design that sits securely in your vehicle's cigarette lighter socket without obstructing controls.
- **Compatibility:** Universal 12V - 24V input makes this charger compatible with standard cars, commercial trucks, and marine vessels.
- **Safety & Conversion:** Intelligent internal circuitry automatically converts vehicle power to a safe 5V USB output to protect your device's battery health.

Description

The 245510 is a versatile dual USB car charger designed for the modern traveler. Whether you are navigating via smartphone, keeping the kids' tablets powered, or charging a digital camera, this charger provides a reliable 12W of power directly from your vehicle's cigarette lighter. Its smart 12-24V auto-sensing technology makes it equally at home in a compact car, a heavy-duty truck, or even a boat, ensuring you stay connected no matter where the road (or water) takes you.

Additional Information
