  easy remote control

Lieferumfang

- Parking heater fan
- User Manual
- Remote control

Garantiezeit

- 2 years

This 2000-watt digital freestanding fan heater provides cosy warmth for any room in no time at all. The modern PTC ceramic technology, combined with a quiet DC motor, ensures even and powerful heating, whilst the built-in dust filter keeps the air clean.

With three settings (fan and two heat settings), as well as a digital thermostat, the temperature can be adjusted to suit your needs. The swivel function distributes the heat optimally, the timer (up to 12 hours) allows for time-controlled heating, and the included remote control ensures convenient operation from a distance.

ECO mode intelligently adjusts the heat output to save electricity, and safety features such as overheating and tilt protection guarantee maximum safety. Thanks to its modern design, the freestanding fan heater blends stylishly into any interior and combines powerful heating performance, comfort, safety and clean air in a compact unit.

Specifications:

- Voltage: 220–240 V~ 50 Hz
- Power: max. 2000W
- PTC ceramic heating element
- 3 settings (fan, 2 heat settings)
- LED display with control panel
- Adjustable thermostat: 5°C–35°C
- 12-hour timer
- Oscillation function
- ECO mode
- Overheating protection and anti-tip protection
- Child safety lock
- With dust filter
- with remote control

Dimensions:

- Product (W×H×D): 150×400×150 mm
- Packaging (W×H×D): 193×443×193 mm
- Net/Gross weight: 1.7 kg / 2.3 kg
