

4K Webcam

Part no. PX-CAM003

With its 4K 8 Megapixel 1/2.7" optical sensor, combined with an omni-directional microphone, the X701 provides outstanding image quality, ensuring everyone in the room is in the picture. This webcam is the optimal choice for online meeting and video conferencing applications.

At ProXtend we understand that megapixels are not everything when it comes to image quality.

That's why we focus on the hardware that really matters, ensuring that you are 'seen and not just heard'!
