

# ThinkVision M14d Mobile Monitor

## Stunning visual performance on the go.

## Smarter technology for all

The light and portable mobile monitor for those going places.

Today's professionals want to make the most of their time – whether you are traveling, waiting at airport lounges, meeting clients in hotel lobbies, making presentations, or closing a big deal, you live life on the go. And ThinkVision M14d Mobile Monitor is a brilliant solution to your long-felt need. With the ThinkVision M14d Mobile Monitor, you actually have a fully functional and practical second screen that hooks up to your notebook easily. The ThinkVision M14d Mobile Monitor, with its super-slim and light form factor, is designed to make even complicated data work easy, on the go. Its 14-inch screen, 16:10 aspect ratio (compared with traditional 16:9 aspect ratio, 14-inch screen is adding the 5.64% active area), 104 PPI (an increase in 19.9% pixels than FHD screen), 2240 x 1400 resolution screen with 100% sRGB color gamut and 105% sRGB color space ensures rich, clear imagery and true-to-life colors. This mobile monitor comes with two Type-C<sup>1</sup> ports for quick upstream and downstream connectivity, allowing you to connect your notebook effortlessly. In addition, the Type-C<sup>1</sup> ports have the 'power pass-through' feature that allows you to power the monitor and charges your notebook simultaneously. The mobile monitor also has the Natural Low Blue Light technology which reduces the harmful blue light to make viewing a comfortable and stress-free experience without color distortion. ThinkVision M14d – the slim and smart monitor that makes you more productive, even when you are on the move.

## Features of ThinkVision M14d Mobile Monitor

### The all-out visual performer

The ThinkVision M14d Mobile Monitor has a 2.2K, 104 PPI, 2240 x 1400 resolution screen with IPS panel that offers excellent, sharp performance, and superb visibility from wide viewing angles. Its 16:10 aspect ratio and its 'mirror and extend' feature means that it is perfectly aligned with the viewing format of your 16:10 notebook. This mobile monitor comes with a 100% sRGB color gamut and 105% sRGB color space which is consistent with notebooks and displays rich, true-to-life colors. No wonder it adapts easily to your mobile lifestyle and gives your personal productivity a big boost.

### Power pass-through for extra convenience

The ThinkVision M14d Mobile Monitor will delight you with its connectivity and convenience. This monitor comes with 2 x USB Type-C<sup>1</sup> ports with up to 65W power pass-through. This unique feature means you can power your ThinkVision M14d Mobile Monitor and charge your notebook simultaneously while keeping your desk clutter-free. Now, you don't have to worry about charging multiple devices. Just charge your notebook and connect your mobile monitor for uninterrupted performance.

### Portable & comfortable

Weighing in at less than 600 grams<sup>2</sup>, this slim, lightweight, ultra-portable monitor's 14-inch screen is just 4.6 mm thick, making it very easy to carry. The ThinkVision M14d Mobile Monitor also comes with Natural Low Blue Light technology that protects your eyes from harmful blue light enables you to have a strain-free viewing experience without color distortion. Even when you are viewing it for long hours. Its Mount feature helps you adjust the monitor for enhanced ergonomics and comfort. In addition, the ThinkVision M14d comes with a height adjustment support feature that further enhances the user experience.
