

MX440-A

Impressive Brushed Metal-like Mid Tower with Sturdy and Solid Style

MX440-A's design has continued COUGAR's iconic sturdy and solid style. With an included ARGB fan, the tempered glass left panel showcases stunning lighting view. Besides, it has wide and powerful interior spaces, which allows you to have hardware expandability, high cooling performance, and abundant storage space.

Distinguished and Unique Design

MX440-A's front panel features bold lines and rugged structures. It is the chassis that brings the new concept of strength and sturdy. The brushed metal-like texture with orange borders give it a unique look that makes you stand out among the others.

Attractive RGB Lighting with a Massive Tempered Glass Left Panel

MX440-A comes with an ARGB fan, which allows internal lighting to create mesmerizing effects from the tempered glass left panel. The full-length PSU cover also helps you to present a clean and tidy build.

Wider but More Compact and Powerful

MX440-A's 215mm width allows much larger interior space with better cooling performance and cable management. However, its compact exterior dimension takes up less desktop space. MX440-A can surely fit a full-sized ATX Motherboard, 320mm-length Graphic card, four 2.5" SSDs, and two 3.5" HDDs, which allow you to achieve the extreme operation and abundant storage space.

215 mm

"Standard" Mid-Tower

Easy Access and Connectivity for All Your Devices

With USB 3.1 Gen-2 Type-C and USB 3.0 ports, MX440-A connects to the latest devices. It also brings high-speed connections to fulfill massive data transfer needs for the ultimate PC enthusiast.

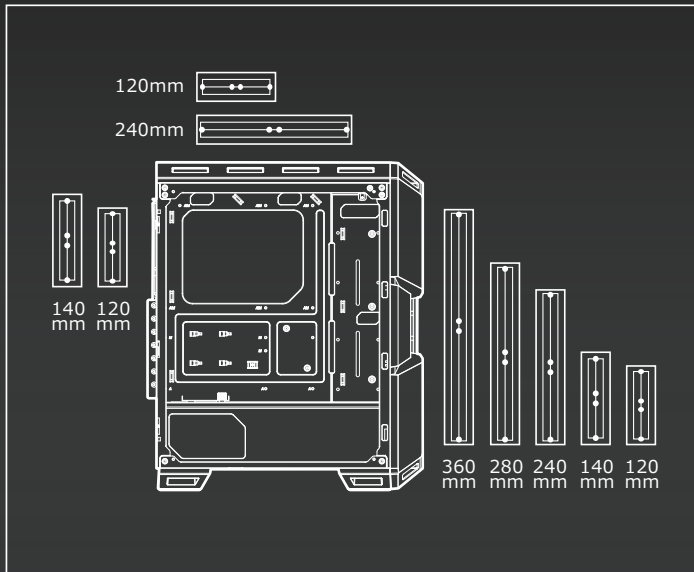

MX440-A

Impressive Brushed Metal-like Mid Tower with Sturdy and Solid Style

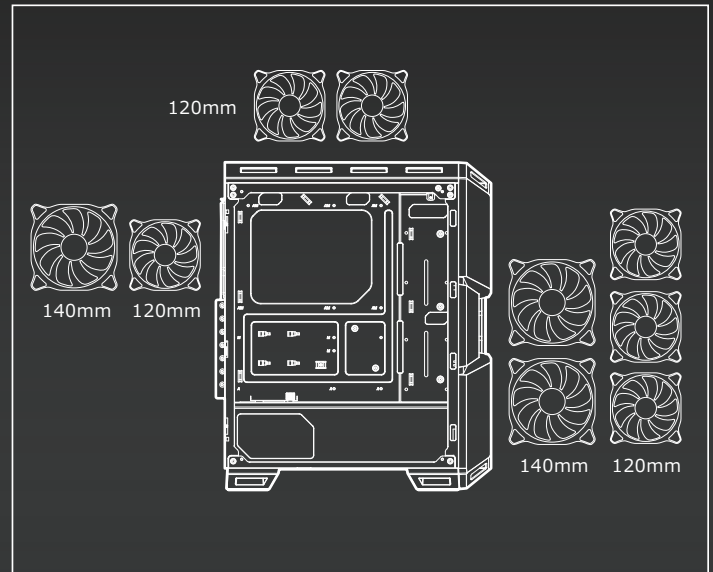

Strong Cooling Performance

MX440-A's interior space supports up to 170mm height CPU air cooler, a 360mm water cooling radiator, and high-end cooling components. It helps you to protect critical components from overheating.
