TWS Runner Hawks wireless headphones

SKU: TESPHAWKBTTWSK

Black-coloured stereo headphones with a 400 mAh charging base, Bluetooth V 5.0, silicone headband and multifunctional buttons for music and calls.

RUNNER HAWKS HEADPHONES: RUN WITH THEM

Like a hawk swooping with incredible stability. You can run, move around or exercise with the ***TWS Runner Hawks headphones***. Whilst exercising, you can take your smartphone and not have to miss incoming calls or forgo listening to your favourite music. No wires: they won't get in the way whilst you work out.

STABILITY AND COMFORT

The **silicone headband** has been specially designed in order to make these Hawks sports headphones practical for sports. The earcups fully surround your ears when worn: they will not fall off and you'll no longer need to constantly adjust them whilst you exercise. **Three pairs of different-sized earbuds** (S, M, L) are included in the package, so you can choose the most comfortable solution.

TAKE YOUR SMARTPHONE FOR NON-STOP SPORT

Pair the TWS headphones with your smartphone by accessing your device's Bluetooth settings. These accessories will connect **wirelessly** and you will no longer have to worry about accidentally unplugging the cables whilst working out.

The multifunctional buttons allow you to manage calls (answer calls, end calls or redial the last number) and start or pause songs. Answer phone calls with the **built-in microphone**.

BASE: STORAGE CASE AND CHARGER

The **400 mAh pocket-sized case** allows you to store and charge the headphones.

The Hawks headphones light up automatically when removed from the case; once they are no longer needed, simply put them back to switch them off.

When fully charged, the base can **charge the headphones four times**. When it needs to be recharged, use the **cable** supplied with the package to connect the base's **Micro USB port** to a power supply.
