## WiFi LED Filament, E27

|                                         |                                                   |
|-----------------------------------------|---------------------------------------------------|
| Bauform                                 | A60                                               |
| Brennlage                               | 360°                                              |
| Dimmbar                                 | ja                                                |
| Farbtemperatur                          | 2700K                                             |
| Leistungsaufnahme äquivalente Glühlampe | 60 W                                              |
| Nennlebensdauer                         | 15000 h                                           |
| Opt. Umgebungstemp.                     | 25°C                                              |
| Sockel                                  | E27                                               |
| Zahl der Schaltzyklen                   | 15000                                             |
| Durchmesser                             | 60 mm                                             |
| Höhe                                    | 108 mm                                            |
| EEK                                     | A++ (Werteskala von A++ bis E, Bestwert is A++)   |
| Lampenstrom                             | 60 mA                                             |
| Anlaufzeit bis 95% des Lichtstroms      | 0,9 s                                             |
| Betriebsspannung                        | 230 V                                             |
| Gewicht. Energieverbr.                  | 7 kWh/1000 h                                      |
| Nennleistungsaufnahme                   | 7 W                                               |
| Netzfrequenz                            | 50 Hz                                             |
| Nom. Halbwertswinkel                    | 320°                                              |
| Nominaler Nutzlichtstrom                | 800 lm                                            |
| Farbwiedergabeindex (Ra)                | >81                                               |
| Steuerbar mittels                       | kostenloser App, Amazon Alexa, Google Home, IFTTT |
| geeignet für Akzentbeleuchtung          | Nein - Halbwertswinkel zw. 120° und 360°          |

Item no. 00176555

## WiFi-LED-Filament, E27

|                                                      |                                               |
|------------------------------------------------------|-----------------------------------------------|
| Design                                               | A60                                           |
| Burning Position                                     | 360°                                          |
| Can be dimmed                                        | yes                                           |
| Colour Temperature                                   | 2700K                                         |
| Power consumption of an equivalent incandescent lamp | 60 W                                          |
| Nominal lifetime                                     | 15000 h                                       |
| Optimal ambient temperature                          | 25°C                                          |
| Socket                                               | E27                                           |
| Number of switching cycles                           | 15000                                         |
| Diameter                                             | 60 mm                                         |
| Height                                               | 108 mm                                        |
| Energy Efficiency Class                              | A++ (Scale from A++ to E, Optimum value A++)  |
| Lamp current                                         | 60 mA                                         |
| Start-Up time until 95% of full light output         | 0,9 s                                         |
| Operating voltage                                    | 230 V                                         |
| Weighted energy consumption                          | 7 kWh/1000 h                                  |
| Nominal power consumption                            | 7 W                                           |
| Mains frequency                                      | 50 Hz                                         |
| Nominal beam angle                                   | 320°                                          |
| Nominal light output                                 | 800 lm                                        |
| Colour reproducing Index                             | >81                                           |
| Can be controlled via                                | free App, Amazon Alexa, Google Home, IFTTT    |
| Suitable for accent lighting                         | No - nominal beam angle between 120° and 360° |
