

Nokia G22

Built to last with repairable design and recycled materials.

Key features:

High performance. Repairable 'QuickFix' design¹ that puts longevity first.

Replace the display, charging port or battery quicker, thanks to a design that doesn't need specialized equipment. Simply consult iFixit for replacement parts, tools and repair guides, or ask an authorised service centre to carry out the repair for you.

Built for the long run.

- 100% recycled plastic back cover.
- Up to three-years of warranty for free² and regular security updates.³
- A three-day battery life capable⁴ of 800 healthy charging cycles.⁵
- Memory extension feature delivering additional virtual RAM⁶ gives you freedom to do more, faster and for longer.

Better entertainment with OZO Playback.

Enjoy a more refined audio experience, thanks to technology that works to equalise your speaker and wired headphone output for optimal balance and volume.

50MP camera with AI imaging algorithms.

AI Portrait, Quick Night, and Enhanced Night modes enable clear shots and selfies day or night, and with watermark feature you can personalise all your photos.

Sales package (FSC Mix-certified) includes:

- Nokia G22 device
- 100% recycled clear case
- Quick start guide
- USB Type-C to Type-C cable
- 2-in-1 SIM tray / back cover opening tool

Key specifications (WITH NFC) | TA-1528:

Band/CA:	2G : 850, 900, 1800, 1900 3G : 1, 5, 8 4G: 1, 3, 5, 7, 8, 20, 28, 38, 39, 40, 41 (full)
OS:	Android™ 12 (64bit) 2 OS upgrades
CPU:	Unisoc T606
Memory and storage:	4/64GB, 4/128GB (UFS 2.2) ⁶ Up to 2GB VRAM for memory extension ⁷ MicroSD support up to 2TB
Display:	6.5" HD+ 20:9 (720 x 1600) V-notch display 90Hz refresh rate Brightness 500 nits (typ.) Sunlight brightness boost Corning® Gorilla® Glass 3
Camera and flash:	50MP AF Main (f/1.8) + 2MP macro + 2MP Depth, LED Flash Front: 8MP FF (f/2.0)
Connectivity:	802.11 a/b/g/n/ac (2.4/5GHz dual band) Bluetooth® 5.0 GPS/AGPS/GLONASS/BDS/Galileo Ambient light sensor Proximity sensor Accelerometer (G-sensor)
Charging:	20W fast charging support (PD3.0)
Battery:	5050mAh ⁸ , QuickFix repairable battery Maintains >80% of original capacity after 800 charging cycles
I/O:	USB Type-C (USB 2.0) OTG 3.5mm audio jack
Dimensions:	165 x 76.19 x 8.48 mm Weight 196.23g
SIM slot:	Nano SIM + Nano SIM/MicroSD hybrid slot (3 in 2)
Other:	QuickFix repairable design 1 mic OZO Audio recording OZO Playback with 200% audio boost mode FM radio Side fingerprint sensor Biometric face unlock IP52 NFC

¹ Simply consult iFixit, now in collaboration with Nokia Phones, for replacement parts, tools or easy-to-follow. See more info at www.nokia.com/phone/self-repair. Nokia G22 repair times are compared to the average iFixit repair times for phones without QuickFix design. ² See coverage at "Manufacturer's Limited Warranty". ³ From the global launch date of Nokia G22. ⁴ Based on real-life usage test by HMD Global. See more info at www.nokia.com/phones/nokia-g-22. ⁵ Battery has been tested by HMD Global to maintain at least 80% of its original capacity after 800 full charging cycles. ⁶ Pre-installed system software and apps use a significant part of memory space. ⁷ Using memory extension (virtual RAM) requires enough storage space. To protect the storage, memory extension is automatically and permanently disabled once 90% of the usage limit is reached. This can occur after four years of heavy usage. ⁸ Battery has limited recharge cycles and battery capacity reduces over time. Eventually the battery may need to be replaced.
