

133479 2 in 1 USB-C OTG Adapter, USB-C Male to Dual USB-C Female Splitter, 10Gbps OTG Data Adapter, 100W PD, USB-C Audio & Data Hub

Product Images

Short Description

- **Connector:** USB-C Male to dual USB-C Female ports
- **Data transfer:** Supports transfer rates up to 10Gbps (depending on host and device)
- **Power & charging:** USB Power Delivery support up to 20V/5A, Max. 100W
- **OTG function:** USB-C OTG enables phones, tablets, and laptops to act as hosts for USB-C peripherals
- **Audio signal:** Built-in DAC chip and high-quality copper wire for stable, low-loss audio transmission
- **Compatibility:** Designed for USB-C devices such as smartphones, tablets, and laptops
- **Build:** Slim, lightweight design with aluminum casing for durability and heat dissipation
- **Installation:** Simple Plug-and-Play, no driver or external power required
- **Portability:** Compact size for easy everyday carry and travel use

Description

The 133479 2 in 1 USB-C OTG Adapter expands a single USB-C port into two USB-C Female ports, allowing modern phones, tablets, and laptops to connect more devices without sacrificing mobility. With OTG (On-The-Go) support, your USB-C host device can act as a hub, directly connecting storage drives, keyboards, mice, cameras, audio accessories, and other USB-C peripherals.

Supporting data transfer speeds up to 10Gbps (USB 3.2 Gen 2, depending on the host and connected device), this compact USB-C splitter is ideal for quickly syncing large files, backing up photos, or transferring 4K video content. At the same time, Power Delivery (PD) support up to 100W (20V/5A) allows you to charge compatible laptops, tablets, or smartphones when used with a suitable USB-C PD charger.

A built-in DAC chip and high-quality copper wiring help deliver stable, low-loss audio signals over USB-C, making it suitable for use with compatible USB-C audio devices. The slim and lightweight aluminum casing improves durability and heat dissipation while keeping your setup clean and portable—perfect for everyday carry, home offices, and travel.

With simple plug-and-play installation, wide compatibility with USB-C host devices, and a 2-in-1 design that supports both power and peripherals, the 133479 USB-C OTG Adapter is a practical way to unlock more functions from a single USB-C port.

Additional Information

Harmonized System (HS) code.	847180
Customs product code (TARIC).	8471800000
Angled Plug.	No
Connector 1.	USB-C, male
Connector 2.	USB-C, female
Approval and Compliance.	CE , RoHS
Operating temperature.	0°C ~ 40°C
Package Contents.	2 in 1 USB-C OTG Adapter
Color.	Grey
EAN.	4015867242346
Model Number.	133479
Dimensions (W x D x H).	26 x 6.7 x 40 mm
Product weight (kg).	0.008
USB Power Delivery (PD).	100W
Connector.	USB-C male
Data Rate.	10Gbps
Material.	Aluminum
