

CA500 / AK Series

Vertical Graphics Card Kit 4.0

Manual

Safety Instructions

This product is intended for the vertical mounting of graphics cards in a PC case. For your own safety, it is essential that you follow the instructions below before using the product. If the product is damaged due to improper use or non-compliance with the safety instructions, the manufacturer's guarantee will be void.

CAUTION!

- Use the product only with compatible PC cases, PCIe graphics cards and mainboards and only with the accessories supplied.
- Make sure that the cable is not excessively kinked, and that the insulation is not damaged or is subject to possible damage.
- Make sure that all components are correctly connected and that the latch of the riser cable connector correctly locks onto the graphics card.
- Only use the product indoors and in surroundings with normal humidity.
- Ensure that the product does not come into contact with moisture or liquids.
- Not suitable for children under 6 years of age. Contains small parts. Choking hazard!

Disposal of your old products

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

When this crossed-out wheeled bin symbol is attached to a product, it means the product is covered by the European Directive 2012/19/EU.

Please be informed about the local separate collection system for electrical and electronic products. Please act according to your local rules and do not dispose of your old products with your normal household waste. The correct disposal of your old product will help prevent potential negative consequences to the environment and human health.
