Voyager Large Manual Height Adjustable AV Cart **SKU: LSCUB**

The Voyager is a compact mobile display solution to support flexible conferencing and collaboration in workspaces and digital signage. Built-in cable management and small device storage create quick and attractive AV installations. Sleek handles promote accessibility and effortless movement.
Camera and speaker mounts integrate with a wide range of conferencing and collaboration technologies from Vaddio, Logitech, Poly, Google, and others to support meeting platforms such as Zoom, Microsoft Teams, Google Meet and more. The slim footprint of Voyager invites users to easily step up to interactive displays and move freely around the cart. Future proof your conference room with an adaptable mobile cart compatible with a wide range of flat panel TVs.
Key Features:

- Can be mounted in portrait or landscape orientation
- Concealed storage lever lock compatible including PACL2 component storage
- Sophisticated design: elevated aesthetics to complement contemporary spaces
- Robust display mounting with manual height adjustment, accommodates multiple heights and displays sizes
- 175 lbs. weight capacity supports most touch displays up to 75" for interactivity
- Ideal for corporate conferencing and collaboration, higher education collaboration spaces, digital signage for hospitality, and many more applications
- Technology agnostic; providing peace of mind to future-proof your investment
- Camera and speaker accessories integrate with a variety of popular conferencing and collaboration technologies
- Easily removable panels to conceal AV component storage for clean, attractive installation and cable management
- High-quality casters for easy, smooth movement with lockable rear casters
- Compact, low-profile footprint and sleek handles promote accessibility to technology and storage
- Stylish woodgrain shelf accessory for additional storage SCSSB and SCSSW (sold separately) - can be mounted with tool-free adjustment on front or back of cart.
- Installer inspired design for fast, intuitive assembly and installation
- Supports VESA mounting patterns from 200 x 200 up to 600 x 400

Legrand has partnered with Microsoft to create new hybrid conferencing spaces with Teams Rooms at the Microsoft HQ in Redmond, WA. Read all about the collaboration here.
