

COOL CONDITIONS. ABSOLUTE COMFORT

Enjoy ideal conditions at home with the ChillFlex Pro: a portable air-conditioner that combines efficiency and elegance. It maintains exactly the right temperature in the home - cool and fresh when it's hot outside.

Enjoy ideal conditions at home with the ChillFlex Pro: a portable air-conditioner that combines efficiency and elegance. It maintains exactly the right temperature in the home - cool and fresh when it's hot outside.

Product Benefits & Features

EFFICIENT COOLING

The portable air-conditioner cools efficiently with minimal energy consumption.

MORE CAPACITY

Generates more cooling capacity* and more airflow *depending on the model.

SUSTAINABLE SOLUTION

The portable air-conditioner uses sustainable gas R290. Significantly reducing its global warming potential (GWP) by 99.8% in comparison to R410a. Achieving the optimal temperature without compromising green credentials.

Product Specification

Energy class, heating	/
Heating/cooling effect, kW	/
COP/SCOP	-/-
EER/SEER	2.6/2.6
Moisture removal, l/h	1.6
Indoor air flow, m3/h	386/327/305
Ambient temp, °C	05-35
Operation Temperature	16-32
Colour	White
Filters	Dust filter
Compressor Type	Rotary
Refrigerant, g	R290/0.21
Installation	Portable unit
Dimensions_AirConditioner_Indoor	710x476x385
Dimensions_AirConditioner_Outdoor	xx
Net Weight	33
Volt, V	220 - 240
Cooling capacity, W	3.4
Mode	Auto, Cool, Dry, Fan
ProdPartCode	All Open
