- frame folds in half for use on one side
- bars fold individually for large laundry items
- mobile thanks to 4 rollers
- Clothes hangers holders
- 3-year guarantee
- 3-year guarantee

Description / Advertising text

The Classic Tower 340 Tower Dryer only requires a set-up space of 69 x 73 cm. Three drying levels on top of each other offer an astounding 34 metres of drying length. That's the equivalent drying amount of 3 to 4 washing machine loads. The framework and bars can be folded individually, so the drying tower can also be used on just one side, and can be flexibly tailored to the space requirements of large and long laundry items. Equipped with 4 easy-moving rollers, the Classic Tower 340 can be moved in all directions. The tower dryer's 2 clothes hanger holders on the sides and 6 additional openings for hanging up clothes hangers offer even more drying space. It is 1.46 metres high, with a guarantee period of 3 years.
