TAMS1BK

The Ringo Duo

Featherlight headphones with an iconic 80s design and striking modern-day sound. You can wear them wirelessly or rock them wired, and they come with black, yellow and orange ear-cup cushions to maximise the retro vibes.

Moving Sound on-ear headphones. Live Loud.

- An 80s icon, reinvented
- Wireless or wired. Included USB-C cable with in-line mic
- Custom-tuned 40 mm drivers for rich, warm sound
- Featherlight fit and spare ear-cup cushions in retro hues

Rock them wirelessly or wired

- Long battery life and quick charging
- Stable Bluetooth® multipoint connection and easy pairing
- Clear calls. They'll hear what you're saying
- Handy on-ear button controls

Modern-retro flair. 100 years of Philips sound.

- Philips Headphones app. The Ringo Duo companion
- Warm, natural sound. Philips sound signature
- RCS-certified recycled plastic. Responsible packaging

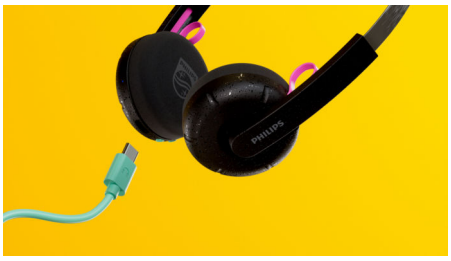

Moving Sound

On-ear wireless headphones

TAMS1BK/00

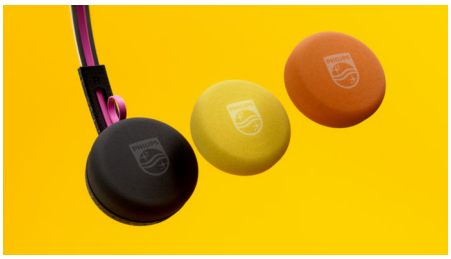

Highlights

Striking sound. Retro looks

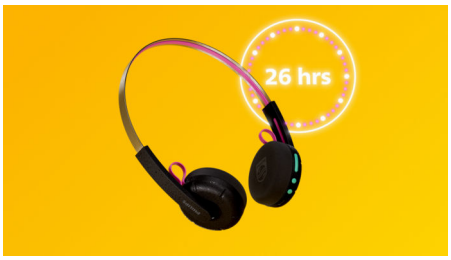

The look says rewind. The sound says right now. With their custom-tuned 40 mm drivers, these on-ear headphones bring you a warm sound with rich bass and clear vocals. Listen wirelessly or use the included USB-C cable to rock them wired.

Modern comfort

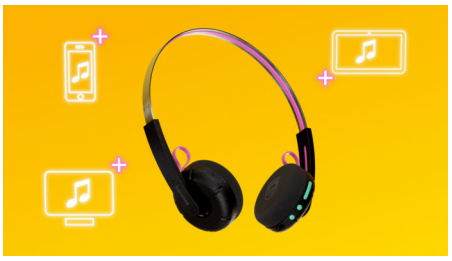

The Ringo Duo headphones weigh just 80 g, and the featherlight headband easily adjusts for the perfect fit. You get three sets of spare ear cushions in black, yellow, and orange, so you can mix and not match.

Up to 26 hrs play time

You get up to 26 hours of play time from a full charge, which takes 2 hours via USB-C. If you need a quick boost, charging these on-ear headphones for just 15 minutes will give you an extra 6 hours of play time.

Bluetooth® 6.0

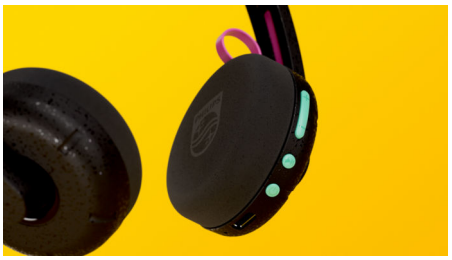

Compatibility with the latest Bluetooth® 6.0 devices lets you stream without annoying dips in the sound, and you can connect to two devices at once. Simply use the Philips Headphones app to manage your connected devices.

Clear calls

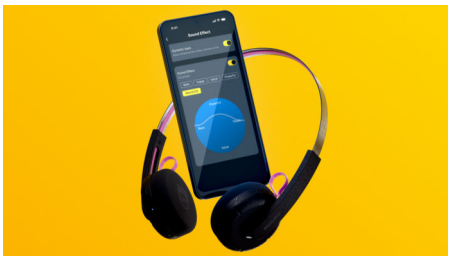

The Ringo Duo are born to say hello. For wireless calls, a dedicated mic picks up the sound of your voice while a noise-reduction algorithm reduces some of the background noise. For wired calls, there's an in-line mic with a handy mute button on the included USB-C cable.

On-ear controls

Back in the day, you had to push big, clunky buttons on your cassette player to control the music! Now you get handy button controls on the ear cups for playback, volume and calls.

Philips sound signature

The custom drivers in these headphones are tuned to the Philips sound signature, which brings you warm, natural sound with deep bass. Whatever you're listening to, you'll love what you hear.

Philips Headphones app

Feel like your music's missing something? Our companion app features EQ, an intuitive equaliser that lets you tweak the sound and explore different EQ settings using your fingertips. You can also use the app to manage connected devices, update firmware, and more.

Recycled materials

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled cardboard with inserts printed on recycled paper.
