

Glass Panel Convection Heater | Thermostat | LCD Display | 2 Heat Settings | Standing / Wall Mountable | 2000 W | Black

General information

This Nedis® panel convection heater features a stylish and sleek tempered-glass panel with integrated touch buttons and a LCD display. Mounting the heater on the wall with the included screws saves a lot of valuable floor space. Or put it in your camper van, summer house or wherever you need some extra warmth. Thanks to its wheels with integrated brakes, you can easily move the heater around.

The panel convection heater has an IP24 rating making it splash proof and resistant to moist and condensation, so go ahead: safely use this panel convection heater in your bathroom, set its timer and you can take a shower while it's comfy and warm - and without having to turn the central heating on for just that one hour before you go to work anyway. Or use the supplied remote control to get a room warm and cosy in no time.

Equipped with overheat protection for safe and carefree use.

Features

- Convection heating technique - very quiet, perfect for bedrooms
- 2 heat settings of 1000 and 2000 W
- Adjustable thermostat - customised warmth
- Overheat protection - for safe operation
- Remote control - for more operating convenience
- IP24 - splash water proof, safe to use in bathrooms
- Can be used stand alone or wall mounted
