

## i-tec MySafe USB 3.0 / USB-C External case for 2x 3,5" SATA HDD, RAID 0/1/JBOD Support

i-tec MySafe USB 3.0 / USB-C External case for 2x 3,5" SATA HDD, RAID 0/1/JBOD Support, USB 3.0 interface, Data transfer rate up to 5Gbps (USB 3.0), Aluminium housing, compatible with Thunderbolt 3

### PRODUCT DESCRIPTION

i-tec MySafe USB 3.0 / USB-C External case for 2x 3,5" SATA HDD Drive is an external case for up to two 3.5" SATA HDD/SSD drives to be connected to your PC, laptop or tablet via USB 3.0, or USB-C interface (the USB 3.0 to USB-C and the USB 3.0 to USB 3.0 cables are included). The USB connection offers fast and easy data transfer – up to 5 Gbps. The USB-C interface is compatible with Thunderbolt 3. The rigid aluminium case construction provides efficient heat dissipation and protection for HDD/SSD drives.

One of the greatest advantages of this frame is the support of RAID, which will allow either to set high level of your data protection, or the very high data writing speed, eventually to create huge hard disk unit (consisting of two hard disks. The following RAID possibilities (if two hard disks are used) are available:

- **RAID 0:** very high data writing speed (the frame is able to perform interlaced writing to both hard disks).
- **RAID 1:** high data protection level (the frame perform mirroring (it writes the identical data to both hard disks; in case of failure of one of the hard disk, neither the data nor the access to the data will be lost).
- **JBOD/Standalone:** within the system, the frame is seen as two standalone ones.

**In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.**

Long product description: i-tec MySafe USB 3.0 / USB-C External case for 2x 3,5" SATA HDD, RAID 0/1/JBOD Support, USB 3.0 interface, Data transfer rate up to 5Gbps (USB 3.0), Aluminium housing, compatible with Thunderbolt 3.

### PRODUCT FEATURES

- USB 3.0 / USB-C external case for 2 x 3.5" SATA HDD/SSD drives
- Compatible with all 3.5" SATA HDD (up to capacity 8 TB)
- Rigid aluminium design provides an excellent heat removal as well as perfect protection for the hard

disk.

- Compatible with USB 3.0 and USB-C (both USB 3.0 to USB-C and USB 3.0 to USB 3.0 are included)
- Transfer rate up to 5 Gbps
- Easy and safe selection of the RAID level.
- RAID levels 0, 1, JBOD
- Power adapter (12V / 4A)
- Active LED light indicating case status
- OS - Windows 7/8/8.1/10, Mac OS 10.x and higher, Linux, Android, Chrome
- Product size 183 x 112 x 64 mm
- Product weight 482 g
- Package size 213 x 190 x 70 mm
- Package weight: 869 g

## System requirements

Hardware requirements: PC or notebook with one available USB-C or USB 3.0 port

Operating system: Windows 7/8/8.1/10, Mac OS 10.x and higher, Linux, Android, Chrome

## Package contents

- External case for 2x 3.5" SATA HDD / SSD
- USB 3.0 cable (80 cm)
- USB-C 3.1 to USB 3.0 cable (80 cm)
- Power adapter (12V / 4A)
- Set of screws for mounting
- Screwdriver
- Stand
- User's Guide

## SPECIFICATION
