

XE02-AM5B

**2U small form factor server/workstation
CPU cooler for AMD AM5/AM4 sockets.**

- Five Ø6mm heat-pipes and aluminum fins for excellent heat conducting efficiency
- 60mm PWM dual ball bearing fan
- Compatible with AMD AM5/AM4 sockets

Model No.

SST-XE02-AM5B

Material

Copper heat pipes with aluminum fins

Application

AMD Socket AM5/AM4

Heat Pipe Type

Ø6mm heat pipes ×5

Fan

Dimension	60mm (W) x 60mm (D) x 25mm (H)
Speed	2000~14,000rpm
Noise level	65 dBA
Rated Voltage	12V
Rated Current	2.0A
Max airflow	72.8 CFM
Max air pressure	47.18mmH ₂ O
Connector	4pin PWM
Bearing	Dual ball bearing
MTTF	70,000 hours

CPU TDP

170W

Dimension

74mm (W) x 118mm (D) x 65mm (H)
2.91" (W) × 4.65" (D) × 2.56" (H)

Net weight

415g

Remark

*Please ensure that the motherboard fan header can supply at least 2A of current, and avoid using fan extension cables.
