

ROAD ONE

Colour:	cranberry-arctic
Article ID:	32274-5321
Weight:	390 g
Volume:	5 litres
Size:	44 / 22 / 10 (H x W x D) cm
MSRP:	69,95 €

Our backpack specifically engineered for road cycling brings the end of bulging jersey pockets on long rides. Camera, wind protection, or a small first aid kit can all be stored in this minimalist, aerodynamic road expert. Now also available in racy red.

HIGHLIGHTS OF ROAD ONE

Aircontact System

The easiest way to carry heavy loads is when backpack and wearer become one. This is what our Aircontact principle is all about: the body contact system brings the weight close to the body and therefore close to the center of gravity. This results in full pack control and an effective load transfer. Furthermore, our Aircontact cushions made from special hollow chamber foam guarantee fantastic ventilation due to the pump effect of every movement.

Lightweight

even less weight

Sternum Strap

The sternum strap stabilizes the pack on the shoulders.

Reflector

SUITABLE FOR

BACK SYSTEM: AIRCONTACT BIKE

- 2 **CARRYING COMFORT AND A PERFECT FIT**
through ergonomically shaped shoulder straps with an easily adjustable chest strap.
- 3 **THE NARROW DESIGN WITHOUT A CHEST STRAP**
allows access to your jersey's side pockets.

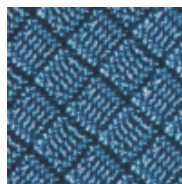

MATERIAL

210D PA Ripstop

210 denier polyamide fabric with strong ripstop threads and PU coating. This fine, lightweight and yet abrasion resistant nylon is optimal for lightweight backpack construction.

150D PA Ripstop

A fine, lightweight Nylon weave with silky feel. The diagonal weave structure with ripstop function provides high abrasion resistance. The PU coating grants excellent water resistance and makes the seams especially durable.
