Wireless Audio Transmitter | Bluetooth® | Up to 2 Headphones | Black

General information

Connect this Nedis® audio transmitter to your audio system or TV and stream music wirelessly to your Bluetooth® headphones. The audio transmitter is equipped with a low latency aptX® chipset. This allows you to enjoy superior sound without next to no audio delay.
You can pair two headphones at the same time. So go ahead and invite a friend for a gaming night or late night movie without waking the neighbours.

Features

• Easy pair system: the transmitter connects automatically with up to two Bluetooth® devices
• LED indicator for power and connection
• Memory for 2 devices
• aptX® chipset for superior-quality audio: deep bass, clear treble, no audio delay
• Wireless range of 10 m for ultimate freedom of movement
