Microphone Table Tripod | Pop Filter | Black

General information

This Nedis® microphone table tripod enables you to mount and position your microphone in a stable way. The microphone holder can be adjusted up to 180 degrees if needed to position it and supports microphones under 44 mm diameter.

The included nylon pop filter can easily be positioned with the super flexible 360 degrees neck. It efficiently reduce or eliminate side noises and air currents to improve the recorded speech and singing quality.

The microphone table tripod can be taken with you, because it can be easily be disassembled and folded when needed.
