Overview

25 Word Product Description

Experience uncompromised performance in a compact form factor with the CORSAIR ONE i500—featuring a 14th Gen Intel® Core™ processor, NVIDIA® GeForce RTX™ 40-series graphics card, and award-winning components.

Overview

50 Word Product Description

The CORSAIR ONE i500 delivers uncompromised performance in a compact design. Equipped with a liquid-cooled 14th Gen Intel® Core™ processor, NVIDIA® GeForce RTX™ 40-series graphics card, and award-winning CORSAIR components, it ensures exceptional gaming and seamless multitasking. Elevate your computing with power and style.

Overview

100 Word Product Description

The CORSAIR ONE i500 redefines compact PC performance with a liquid-cooled 14th Gen Intel® Core™ processor and NVIDIA® GeForce RTX™ 40-series graphics card. Experience faster processing, ultra-quiet operation, and unrivaled graphics for seamless gaming and multitasking without compromise. Personalize the front panel and under glow lighting to suit your mood and elevate your setup with ease. Dive into a world of exceptional performance and immersive visuals, where every click and keystroke are met with unparalleled responsiveness. Elevate your computing experience with the CORSAIR ONE i500.

Etail Bullet Points

1.CPU	Liquid Cooled 14th Gen Intel® Core™ Processor
2.Graphics	Liquid Cooled NVIDIA® GeForce RTX™ graphics
3.Memory	Dual-channel CORSAIR VENGEANCE DDR5 memory
4.Storage	High-speed M.2 NVMe SSD storage
5.Add'l. Marketing	CORSAIR 1000W SFX-L 80+ GOLD Fully Modular Power Supply

Unique Selling Points

Style 1
• CORSAIR ONE packs uncompromised performance in a compact case that powers through today’s most demanding games and applications with ease, supported by ample memory and storage for all your needs.
• AI-ready performance with cutting-edge components for gamers, content creators, and professionals.
• Optimized liquid cooling minimizes CPU and GPU temperatures, achieving faster performance with exceptionally low fan noise.
• Award-winning CORSAIR components hold up with intensive use, letting you work and play with confidence, year after year.
• A 14th Gen Intel® Core™ processor offers the latest in dynamic CPU architecture, so you can game and multitask without compromise.
• An NVIDIA® GeForce RTX™ 40-Series graphics card delivers a quantum leap in visual performance and AI-powered graphics.
• CORSAIR VENGEANCE DDR5 memory pushes the limits of your system like never-before, unlocking even faster frequencies, greater capacities, and better bandwidth.
• For creatives who push the envelope, advanced graphics and processing take on the toughest photo- and video-editing tasks without compromise.
• For professionals working harder and smarter, innovative internal components do the exact same—streamlining development and facilitating the latest AI-driven solutions.
• For gamers looking to level up, a NVIDIA® GeForce RTX™ 4080 Super GPU and Intel® Core™ i9-14900K CPU—both liquid cooled—deliver top-tier graphics and in-game performance.
• Additional PCIe, memory, and SSD slots allow you to expand the capabilities of your system
• Customizable underglow and front panel lighting gives you the power to personalize your setup in seconds.
• A wide array of advanced connectivity options, complemented by a motionsensor spotlight for the rear I/O, make it easy to make all the right connections.
• Designed with sustainability in mind, CORSAIR ONE features a recycled aluminum case, FSC-Certified wood accent panel, and packaging made from recycled material.
• Each CORSAIR ONE i500 includes a comprehensive 2-year warranty, backed by lifetime 24/7 tech support service from the world-class CORSAIR customer support team.

Style 2
• Compact Design, Uncompromised Performance: CORSAIR ONE is packed with uncompromised performance in a compact case that powers through today’s most demanding games and applications with ease, supported by ample memory and storage for all your needs.
• AI-Ready for Today’s Innovators: Cutting-edge components unlock AI-driven possibilities for today's gamers, content creators, and professionals.
• Optimized Liquid-Cooled CPU and GPU: Modern liquid cooling minimizes CPU and GPU temperatures, achieving faster performance with exceptionally low fan noise.
• Award-Winning CORSAIR Components: Tested and trusted CORSAIR components hold up with intensive use, enabling you to work and play with confidence, year after year.
• 14th Gen Intel® Core™ Processor: The latest in dynamic CPU architecture lets you game and multitask without compromise.
• NVIDIA® GeForce RTX™ 40-Series Graphics Card: NVIDIA®’s latest graphics card series delivers a quantum leap in both performance and AI-powered graphics.

- **CORSAIR VENGEANCE DDR5 Memory:** Pushes the limits of your system like never-before, unlocking even faster frequencies, greater capacities, and better bandwidth.
- **Create Content on the Cutting Edge:** Take on the toughest photo- and video-editing tasks with next-gen graphics and processing, made for creatives who push the envelope.
- **Harness AI to Work Harder & Smarter:** Streamline software development, deploy AI-driven solutions, and adapt to the ever-changing professional landscape with a PC that keeps up.
- **Game Like Never Before:** Get the most out of your graphics and in-game performance with a NVIDIA® GeForce RTX™ 4080 Super GPU and Intel® Core™ i9-14900K CPU—both liquid cooled.
- **Upgradeable Memory and Storage:** Additional PCIe, memory and SSD slots make it easy to expand your memory and storage.
- **Customizable Front-Panel Lighting:** Customizable underglow and front-panel lighting gives you the power to personalize your setup in seconds.
- **Advanced Rear I/O With a Motion-Sensor Light:** A motion-sensor spotlight for the rear I/O, complemented by a high-performance, wide array of advanced connectivity options, empowers you to make all the right connections—in virtually any setup.
- **Designed With Sustainability in Mind:** The CORSAIR ONE i500 features a recycled aluminum case, FSC-Certified wood accent panel, and comes packaged in recycled material packaging made from recycled material.
- **Comprehensive 2-Year Warranty Protection:** Each CORSAIR ONE i500 is backed by lifetime 24/7 tech support service from the world-class CORSAIR customer support team.

Tech Specs

Dimensions(L x W x H):	300mm x 185mm x 391mm / 11.8" x 7.6" x 15.3"
CPU:	14th Gen Intel® Core™ i9 14900K Processor
GPU:	NVIDIA® GeForce RTX 4080 Super graphics
DRAM:	32GB CORSAIR VENGEANCE DDR5 6000MT/s memory
Storage(SSD):	2TB M.2 NVMe SSD
Motherboard:	B760M
Networking:	2.5G Ethernet, Wi-Fi 6E, Bluetooth 5.3
Power Supply:	CORSAIR 1000W SFX-L 80+ GOLD Fully Modular Power Supply
Operating System:	Windows 11 Home
Front I/O Ports:	USB 3.2 Gen1 Type-A 5Gbps, USB 3.2 Gen2 Type-C 10Gbps, Combination Mic/Headphone Jack
Regulatory Model:	RCS0012
Warranty:	2-Year

Box Contents

CORSAIR ONE System, Headphone Hanger, Power Cable, Wireless Antennas, Documentation
