Bigger sound, more ways to listen

Internet radio, podcasts on demand, CDs and more. This powerful micro system brings room-filling sound to all your sources. Turntables, USB devices and wired headphones connect easily, and Auracast™ is supported for multi-speaker setups.

Powerful micro system. Big sound, any source.

- Plays all your music
- Internet radio, podcasts on demand, Spotify Connect
- DAB+/FM radio, CDs, USB, audio-in, headphone out
- Powerful stereo sound for everything you love
- Bass-reflex bookshelf speakers. 200 W max (100 W RMS)

Bookshelf speakers. Beautifully flexible.

- Easy streaming with Bluetooth® multipoint connectivity
- Auracast™ for multi-speaker setups
- Classic design, modern ease

At home in your home

- Philips Entertainment app. Smart control for your system
- GRS-certified recycled plastic. Responsible packaging
- Main unit dimensions (WxHxD): 230x145x262 mm
- Speaker dimensions (WxHxD): 174x260x240 mm

Highlights

All your music

This versatile system lets you listen to internet radio or podcasts on demand from around the world, stream Spotify Connect over Wi-Fi, and enjoy all your CDs. You can also stream via Bluetooth®, play music from USB, tune in to DAB+/FM radio, and connect a turntable via audio-in.

Powerful sound

You'll enjoy crisp highs and deep, well-defined bass thanks to bookshelf speakers with silk dome tweeters, 5" glass fibre woofers, and bass-reflex ports. The powerful 200 W max (100 W RMS) output is perfect for larger spaces, and you can plug wired headphones in when you want to listen in private.

Bluetooth® 6.0

Bluetooth® 6.0 brings you a faster, steadier connection and the LC3 codec is supported for noticeably better sound. The range is wide enough that you'll be able to control what you're streaming from practically anywhere in the house.

Auracast™

If you want even bigger sound, you can use Auracast™ to broadcast music from this micro system to as many compatible speakers as you like. You can also make the system a receiver and send sound to it from your record player. Setup is simple via our companion app.

Classic design

The brushed aluminium central unit and wooden speaker cabinets recall the design of hi-fi separates, and a clear colour display shows the source or station. Dark chrome dials control volume, source selection, and tuning. A physical remote control is included in the box, or you can use our companion app.

Philips Entertainment app

Got wide-ranging tastes? Download our companion app and you can use your smart device to select preset sound styles from the Digital Sound Control menu, adjust treble and bass, switch between sources, and more. Plus, the app makes it simple to set up Auracast™ for even bigger sound.

Recycled materials

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled cardboard with inserts printed on recycled paper.
