OASIS 303 WIFI

The Eurom Oasis 303 is an air humidifier that contributes to a healthy indoor climate. Thanks to the added Wifi it is possible to control this humidifier with the Eurom Smart App.

Hygienic
Humidifies without the anoying water scale on your furniture.

Build-in hygrostat
Measures the humidity constantly and keeps the room on the desired humidity. You can set the desired percentage of moisture from 40 – 75% in steps of 5%.

Capacity
Up to max. 300 ml per hour. The room quickly up to the desired humidity. For rooms up to 44 m2.

Sound levels
From 23 dB in sleep mode (barely audible) to maximum 52 dB.

Air flow
The powerful fan causes a spiral movement of the air and prevents wet spots around the device, as is the case with traditional humidifiers.

Tank volume
Big tank volume of 3 liters.

Evaporation element
Super absorbent.

Anti bacterical settings
Tank and filter are automatically dried to prevent bacteria.

Easy to (re) fill
(Re)fill with water without spilling or opening the device.

LED display
Simple controls and automatic dimming of the lighting on the control panel.

Water level indicator
The water level can be checked without opening the device.

Product number	374995
EAN	8713415374995
Powered by	electric
Power	12 W

Power selection	4
Humidifying capacity	300 ml/h
Watertank	3 l
Working temperature	5-40 °C
Range (max.)	40 – 60 m^3
Timer	1 – 12 hours (shut-down only)
Auto start/stop	auto-stop
Max. sound levels	52 dBA
Control	control panel, Eurom Smart App
Encasing	plastic
Dimensions	23,5 x 23,5 x 36,3 cm
Electrical cable	180 cm
Weight	2,3 kg
Details	hygrostat, water level looking glass
Warranty	2 year
Serie	
Type	air humidifier
Colour	white
