

# S8038-10K

80 mm 10k rpm Serverlüfter

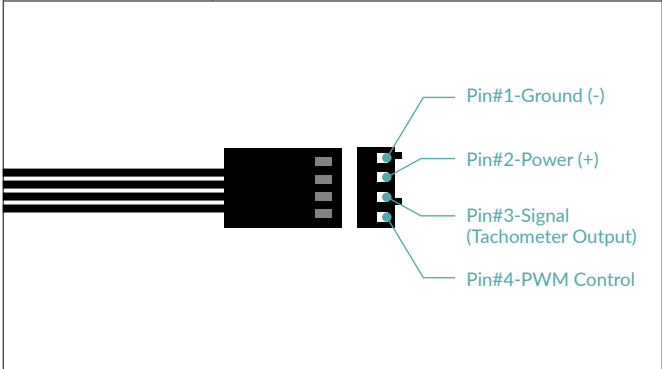

### Allgemeine Spezifikationen

|                             |                             |
|-----------------------------|-----------------------------|
| Abmessungen                 | 80 (L) x 80 (B) x 38 (H) mm |
| Gewicht                     | 151 g                       |
| Brandverhalten UL 94        | V-0                         |
| Betriebsumgebungstemperatur | -10°C~70°C                  |
| Garantie                    | 6 Jahre                     |

### Lüfter-Spezifikationen

|                  |                                    |
|------------------|------------------------------------|
| Geschwindigkeit  | 500–10000 rpm, PWM-gesteuert       |
| Statischer Druck | 51 mmH <sub>2</sub> O              |
| Luftstrom        | 102 cfm   173,30 m <sup>3</sup> /h |
| Lager            | Doppelkugellager                   |
| Kabellänge       | 300 mm, Schwarz                    |
| Anschluss        | 4-Pin-Buchse                       |
| Strom   Spannung | 1,3 A   12,0 V DC                  |
| Anlaufspannung   | 5,8 V DC                           |

### Versandinformationen – Einzellüfter

|                 |                                                                |
|-----------------|----------------------------------------------------------------|
| Lieferumfang    | S8038-10K x 1<br>Montage Schrauben x 4<br>Impeller Sticker x 1 |
| Box Abmessungen | 88 (L) x 86 (B) x 44 (H) mm                                    |
| Brutto Gewicht  | 170 g                                                          |
