● Required dosage ○ Optional dosage

The cycle duration indicated on the display or instruction manual is an estimate based on standard conditions. The actual duration may vary in relation to several factors, such as the temperature and pressure of the incoming water, ambient temperature, amount of detergent, load quantity and type, load balancing and any additional options selected. The values given for programmes other than the Eco 40-60 programme are indicative only.

1) Eco 40-60 - Test wash cycle in compliance with EU Ecodesign regulation 2019/2014. The most efficient programme in terms of energy and water consumption for washing normally soiled cotton laundry.

Note: spin speed values shown on the display can slightly differs from the values stated in the table.

For all testing institutes:

2) Long cotton cycle: set programme **Cotton** at temperature 40°C.

3) Long synthetics cycle: set cycle **Synthetics** at a temperature of 40°C.

* By selecting the **Spin & Drain** cycle and excluding the spin cycle, the washing machine will drain only.

** The duration of the wash cycles can be checked on the display.

*** After programme end and spinning with maximum selectable spin speed, in default programme setting.

**** The display will show the suggested spin speed as default value.

PRODUCT DESCRIPTION

1. Top
2. Detergent dispenser drawer
3. Control panel
4. Handle
5. Porthole door
6. Drain pump (behind the plinth)
7. Plinth (removable)
8. Adjustable feet (2)

DETERGENT DISPENSER DRAWER

Compartment 1: Prewash detergent (powder)
Compartment 2: Washing detergent (powder or liquid)

If liquid detergent is used, the removable plastic partition **A** (supplied) should be used for proper dosage.

If powder detergent is used, place the partition into slot **B**.

Compartment 3: Additives (fabric softeners, etc.)
The fabric softener must not exceed the "MAX" level.

! Use powder detergent for white cotton garments, for pre-washing, and for washing at temperatures over 60°C.

! Follow the instructions given on the detergent packaging.
