• Windows 8.19

• AMD A-Series PRO APU

The solution for diverse business demands.

• The new way to do business. Impress and perform like never before—and meet a variety of business demands—with highly customizable tools and a stylish new design.

Pure performance.

 Unlock the full potential of your PC. The latest AMD A-Series PRO APUs¹ with HSA architecture that maximizes efficiency by intelligently prioritizing system tasks between the CPU and GPU.

Heavy security, exceptionally managed.

• Keep it secure, keep it simple. IT efficiency reigns supreme when it's backed by a full portfolio of security solutions, including HP BIOSphere² and HP Client Security.³

Expand with ease.

• Extend the life of your purchase. Using the tool-less chassis this easily upgradable platform features up to 4 expansion slots, 10 ports and multiple connectors to help you meet growing demands.

Simplify device management.

 Reduce the complexity of administration. HP Client Management and DASH compliant devices help you easily and affordably manage assets.⁴

Features

- Enjoy the stunning graphics provided by affordable AMD Radeon™ Graphics.⁵
- Get fast access to the data and applications your business demands with solid-state hybrid drive options.
- HP BIOSphere keeps mission-critical data and systems protected with customizable security.²
- Guard your data, device and identity with HP Client Security.³
- With TPM 1.2 your critical data has protection with hardware-based encryption keys.
- Keep everything in plain sight and be up to 35%⁶ more productive. There's plenty of screen room for all your work with support for up to two external displays.⁷
 - Extend your business investments with a long life cycle and platform stability.
 - Save your data. RAID configurations utilize dual storage drives to automatically back up and help protect your sensitive data.⁸
