Documentation	Quick Start Guides
100-Word Product Description	The CORSAIR K55 RGB Gaming Keyboard comes with the control, customization, and comfort essential for victory. Light it up with dynamic three-zone RGB backlighting, and improve your gameplay with six dedicated, fully programmable macro keys with Elgato Stream Deck software integration. The K55 RGB is dust and spill resistant with IP42 protection, and comes with a detachable soft rubber palm rest to reduce stress on your wrists. Control your audio without interruption using dedicated volume and media controls, and take command over your lighting, macros, key remaps, and more through iCUE software. Quiet and responsive keys anti-ghosting and selective key rollover provide comfort and accuracy while gaming, with a dedicated Windows Key Lock to eliminate operating system interruptions. With this level of control and customization at your fingertips, victory starts with the CORSAIR K55 RGB.
50-Word Product Description	The CORSAIR K55 RGB Gaming Keyboard comes with the control, customization, and comfort essential for victory. Light it up with dynamic three-zone RGB backlighting, and improve your gameplay with six dedicated, fully programmable macro keys. The K55 RGB is dust and spill resistant with IP42 protection, and comes with a detachable soft rubber palm rest to reduce stress on your wrists.
25-Word Product Description	The CORSAIR K55 RGB Gaming Keyboard features dynamic three-zone RGB backlighting, six dedicated macro keys, IP42 dust and spill resistance, and a detachable palm rest.
Product Features (Style 1)	• Dynamic RGB backlighting across three zones, with full customization of colors and lighting effects. • Dust and spill resistant design rated up to IP42 protection guards against accidents so your gameplay never has to stop.

- Gain an in-game advantage with six dedicated macro keys, fully programmable with complex macros and key remaps through CORSAIR iCUE software or special streaming commands through Elgato Stream Deck software.
- Detachable, soft rubber palm rest reduces stress on your wrists so you can play longer in comfort.
- Dedicated volume and media controls give you direct control over your audio without having to interrupt your game.
- Powerful CORSAIR iCUE software enables vivid dynamic RGB lighting control, sophisticated macro programming and full-system lighting synchronization across all iCUE-compatible CORSAIR devices.
- Quiet and responsive keys for comfortable typing during both work and play.
- Anti-ghosting with selective key rollover means your inputs register in-game even with simultaneous key presses.
- Windows Key Lock mode ensures you'll never accidentally interrupt your game at critical moments.

Product Features (Style 2)

- **Three-Zone Dynamic RGB Backlighting:** Fully customize your colors and lighting effects.
- **Dust and Spill Resistance:** Guards against accidents so your gameplay never has to stop with IP42 protection.
- **Six Dedicated Macro Keys:** Fully programmable with complex macros and key remaps through CORSAIR iCUE software or special streaming commands through Elgato Stream Deck software.
- **Detachable Palm Rest:** Soft rubber palm rest reduces stress on your wrists so you can play longer in comfort.
- **Dedicated Volume and Media Controls:** For direct control over your audio without having to interrupt your game.
- **Powerful CORSAIR iCUE Software:** Enables vivid dynamic RGB lighting control, sophisticated macro programming and full-system lighting synchronization across all iCUE-compatible CORSAIR devices.
- **Quiet and Responsive Keys:** For comfortable typing during both work and play.
- **Anti-Ghosting with Selective Key Rollover:** Your inputs always register in-game even with simultaneous key presses.
- **Windows Key Lock Mode:** Ensures you'll never accidentally interrupt your game at critical moments.
