

NANO CHARGER 30W - USB C - GAN - MADE IN FRANCE

1
YEAR
WARRANTY

Made in France and certified Origine France Garantie, this charger combines performance with respect for the environment. Made from recycled and mostly recyclable materials, it also comes with a practical kit for recycling your old charger.

Thanks to SuperGaN technology, it offers 30W of power for ultra-fast charging while optimising energy consumption. Compact and lightweight, it's perfect for taking with you wherever you go. Compatible with all European plugs (type C/E/F), it's as universal as it is efficient.

An eco-responsible, high-performance and practical solution for your appliances.
