

# RVZ01

REDEFINE EXPECTATIONS

## SPECIAL FEATURES

- Signature RAVEN styling touches
- Support graphics card up to 13 inches
- Mini-ITX motherboard & SFX PSU compatible
- Maximum performance in slim form factor with support for liquid cooling\*
- Positive air pressure design for excellent cooling/quietness and dust-prevention
- Fits in nearly any environment with horizontal or vertical orientation

## REDEFINE EXPECTATIONS

Model	Material	Motherboard	Drive Bay	Cooling System
SST-RVZ01B (black)	Reinforced plastic outer shell, steel body	Mini-DTX, Mini-ITX	Exposed Slim slot-loading optical x 1 Internal 3.5" x 1, 2.5" x 3	Top 1 x 120mm fan, 1500rpm, 18dBA Bottom 1 x 120mm fan, 1500rpm, 18dBA 1 x 120mm fan slot
Expansion Slot	Front I/O Port	Power Supply	Expansion Card	Dimension
2	USB 3.0 x 2 audio x 1 MIC x 1	SFX	Compatible with 13" long, width restriction – 5.88"	382mm (W) x 105mm (H) x 350mm (D), 14 liters

\*Liquid cooling support limited to component that fit within RVZ01's predefined dimensions. For detailed information, please refer to manual.

# SPECIAL LIST

Adjustable graphic card holder

Signature RAVEN styling touches

Support graphics card up to 13 inches

Slim slot-loading optical drive slot

Dual 2.5" SSD/HDD slots

Mounting holes for one 2.5" SSD/HDD or a Laing DDC pump

High-performance SilverStone customized riser card

Front USB 3.0 and I/O ports

Support Mini-ITX & Mini-DTX motherboard

One 3.5" HDD can be mounted on into the PSU bracket

# INTRODUCTION

Since the original RAVEN RV01 debuted in 2008, the RAVEN team at SilverStone has demonstrated many times how it can truly define or defy computer enthusiasts' expectations of what a performance PC is capable of in both form and function. For 2014, the team had a new target, which is to exceed and reshape the small form factor landscape with another breakthrough case design. The result of this effort is a new line of case products called RAVEN Z. As the first model, RVZ01 is unlike any SilverStone small form factor cases before it. Utilizing a PCI-E riser and custom designed fans, this slim, 14 liter case is capable of housing the biggest consumer graphics card on the market with superb air cooling performance and the ability to support liquid cooling\*. Designed for use in either vertical or horizontal orientation, it can be placed comfortably in any space-constrained environment that requires a powerful PC. For those that have been waiting to make the move to small form factor computing with a truly standout case to build with, the RVZ01 is it.

\* SFX ST45SF-G is fully modular and smaller to enable additional room inside the case

ST45SF-G

\* Our recommendation for the CPU cooler

NT06-PRO

\* Significantly reduce cable clutter in smaller cases & systems

PP05-E

\* SATA III cable with non-scratch locking mechanism and 180° connector

CP07

\* Ultra fine filter provides great dust reduction properties

FF123

\* Get a Sugo Pack to conveniently take your RVZ01 anywhere you go
