Automatic coffee machine KV1 Comfort

- Important information:
  A pressure reducer is required from a water pressure of 3 bar
  This coffee machine has wearing parts
  Provided the coffee machine is properly maintained, it can generally be assumed that the following wearing parts will last up to the specified reference quantity of drinks
  Brewing unit: 50,000 poured drinks
  Pump, Drainage valve, grinding mechanism and seals: 25,000 poured drinks
  Failure of these wearing parts after reaching the respective reference quantity does not mean that the coffee machine is defective.
- Size: W 390 x D 495 x H 580 mm
- Weight: 19.1 kg
