Desk Mount Dual Monitor Arm - Ergonomic Dual Monitor VESA Mount 32" (17.6lb) Displays - Crossbar Handle for Synchronized Full Motion - Height Adjustable - C-Clamp/Grommet

Product ID: ARMSLMBARDUO

This Dual Monitor Arm lets you mount two 17" to 32" VESA mount monitors, each weighing up to 17.6 lb. (8 kg), onto a single low-profile base. It gives you flexible desk-clamp or grommet-hole mounting, letting you save space while creating an ergonomic workspace in any office environment.

With a stable crossbar design, the adjustable height dual monitor stand lets you create more usable work space by mounting your monitors side by side on a single base.

The computer screen stand features one-touch height adjustment. The smooth +/- 10 tilt motion and +/- 10 swivel of the individual monitors make it easy to find the optimal viewing angle. You can also rotate each display 360 for portrait or landscape viewing and laterally adjusted along the crossbar length.

The adjustable dual monitor mount is easy to install, with the desk-clamp or grommet mount (hardware included). Integrated cable management keeps your workspace organized. It works well with most desks, including sit-stand workstations.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

ARMSLMBARDUO is backed by a 5-year StarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility
