Acme ACT304 multisport activity tracker HR

Water-proof activity tracker featured with colorful screen and connected GPS? Yes, we are talking about ACME ACT304 Activity Tracker + connected GPS! In order to see the exact route of walking or jogging do not forget to take your phone with you. Thanks to connected GPS all data from activity tracker can be easily found in specialized app. Moreover, water-proof design allows swimming and wearing activity tracker even when it is raining outside.
Features

Connected GPS
In order to use connected GPS it is necessary to carry mobile phone while jogging or walking

Water-proof
IP67 protection against water and dust, i. e. you can wear activity tracker while taking the shower or swimming, however it is not adapted for diving

Colorful screen
Displays time and date, calories burnt, heart rate, distance and other functions

Multi-sport function
Allows to select several different activities

Heart rate monitor
Tracks heart activity while you are both exercising and resting

Call & message notification
Informs about incoming calls and messages

Sleep monitoring
Counts average hours of sleep, deep and light sleep time, indicates the hour of falling asleep and waking up

Acme ACT304 multisport activity tracker HR
