- **Mounting Type:** Universal Ceiling Mount.
- **Load Capacity:** Supports up to 13.5kg (30lbs).
- **Adjustment Range:** 360° Rotation with +/- 15° Tilt and Swivel.
- **Projector Compatibility:** Universal adjustable support arms for most models.
- **Build Material:** Durable steel construction for maximum safety.
- **Height/Profile:** Compact 150mm fixed ceiling profile.

- **Cable Management:** Integrated internal cable routing system.
- **Installation:** Includes complete hardware kit and manual.

Description

The equip® 650705 Projector Ceiling Mount is a robust and flexible mounting solution engineered to support mid-range projectors with a maximum weight of 13.5kg (30lbs). Constructed from high-strength steel, it solves the alignment challenges of modern AV setups by offering a full 360° rotating joint and +/- 15° tilt/swivel range, ensuring your image is perfectly squared and synchronized with the screen.

Designed to optimize vertical space, this mount features a low-profile 150mm height, making it ideal for standard ceilings in home theaters, classrooms, or meeting rooms. It includes adjustable support arms that adapt to a variety of mounting hole patterns, providing a universal interface for the majority of projector models currently on the market.

To maintain a clean and professional look, the 650705 is equipped with an integrated cable management system that conceals wiring within the structure. The sleek black finish allows it to blend seamlessly into modern decors, while the included manual and screw kits ensure a reliable, hassle-free installation for any high-intent multimedia project.
