- **Best For:** VoIP, video conferencing, gaming, music.
- **Color:** Black.

Description

The Conceptronic POLONA05B is a stereo USB headset built for clear voice on every call — the noise-reduction microphone cuts background noise so colleagues hear you, not the cafe behind you.

The 2 m USB cable handles desk and laptop setups. The in-line remote with dedicated volume and mute keeps call control at your fingertips. Plug-and-play installation means no drivers, no setup, no power supply.

Ideal for VoIP, video conferencing, gaming, and music listening on PCs and laptops

without a 3.5 mm headphone port. Lightweight build for full-day wear.
