

ThinkPad E14 Gen 5 (Intel)

Built for professionals who demand powerful and high-performance computing, the laptop powered by 13th Gen Intel U or P Series Core i7 Processor can be considered. Support of optional Wi-Fi 6E ensures a connected experience allowing users to synchronize and send files while they are on the move; while up to 11.2-hours of battery life means users can stay unplugged without worrying about plugging the device.

Configured with up to 32GB DDR4 memory and up to 1TB SSD storage means business professionals can manage programs or applications and store large files at the same time without slowing the device down

Dolby Atmos 2W dual speakers and dual-array microphones help to collaborate on calls effectively. An optional FHD 1080p camera with a privacy shutter helps users to stay private whenever needed.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo devices that are a class apart

The entry-level ThinkPad, E Series features the famous keyboard and trackpoint, and is MIL-SPEC tested ensuring the build quality for which ThinkPad is renowned.
