i-tec USB 3.0 Metal HUB 3 Port + Audio Adapter

i-tec USB 3.0 Metal HUB 3 Port + Audio Adapter, Notebook Ultrabook Tablet, Windows Mac Linux

PRODUCT DESCRIPTION

METAL Series is the latest i-tec product line in a stylish elegant metal design and exclusive package.

i-tec USB 3.0 Metal HUB 3 Port with Audio Adapter combines the functions of 3-port USB 3.0 HUB with the audio adapter. It offers three USB 3.0 ports with Plug & Play option. The USB 3.0 interface is important mainly for data transfers from USB 3.0 memory cards and flash disks which will use its high transfer speed most. HUB is powered from the USB bus and has a built-in surge protection for your computer in the event of a short circuit on the peripheral devices. The interface is backward compatible with USB 2.0. You will just connect the HUB by the USB cable to your computer and immediately you can start using it. It is an ideal companion for everybody who does not have enough USB ports in his/her notebook, ultrabook or PC and who has to constantly connect and disconnect his/her favorite USB equipment such as flash disks, mobile phones, tablets, digital cameras, MP3 players, printers, etc.

Audio Adapter provides the user computer with an output for headphones/loudspeakers (STEREO) and input for microphone (MONO) e.g., for listening to music or for Skype communication, etc. The USB port will ensure the full function of the adapter and no external power adapter is necessary.

In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.

PRODUCT FEATURES

- 3x USB 3.0 port Type-A for connecting USB equipment
- 1x USB connector Type-A for connecting to a notebook / PC
- 1x 3.5 mm audio output for headphones/loudspeakers – 2 channel output 44.1/48 kHz at 16 bit
- 1x 3.5 mm audio input for the microphone - mono
- VIA VL812 chipset for HUB compliant with USB 3.0 specification, revision 1.0
- C-Media HS-100 for audio
- Interface USB 3.0, backward compatible with USB 2.0
- LED indication for charging status
- Product dimensions 95 x 35 x 23 mm
- Product weight 63 g
- Packaging dimensions 180 x 105 x 50 mm

- Packaging weight 125 g

SYSTEM REQUIREMENTS

Hardware requirements: notebook / PC with free USB 3.0 / 2.0 port. If you connect to USB 2.0 transfer speed and some function can be limited. CPU Processor Intel Pentium 1.2GHz and higher, 512MB RAM. Operation System: Windows 7/8/8.1/10, Mac OS X, Linux, Android, Chrome

PACKAGE CONTENTS

- i-tec USB 3.0 Metal HUB 3 Port with Audio Adapter with built-in cable (20 cm)
- Quick Installation Guide
