- Whatever you watch, perfect TV sound. IntelliSound engine

Smart. Sleek. Connected.

- Quick and easy to find content with Titan OS
- Connect seamlessly to smart home networks

Design that speaks volumes

- Versatile, flexible viewing angles

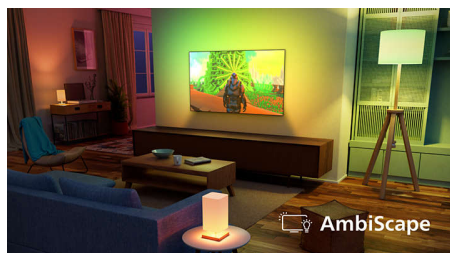

Vivid viewing, cinematic sound

Highlights

Ambilight

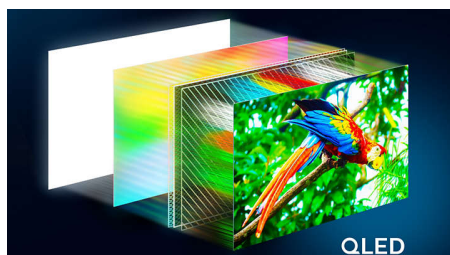

Imagine integrated LED lights reacting to everything you watch, immersing you in a halo of colour. Ambilight changes everything: now your screen will seem bigger, drawing you deeper into all of your favourite television. Once experienced, you'll never want another TV without it.

AmbiScope

Step into a new dimension of entertainment. AmbiScope extends Ambilight beyond the TV, syncing with your smart lights to transform your room into a living canvas. Feel every scene, every beat and every moment as your surroundings react in real time—pulling you deeper into the experience.

4K QLED

Vivid colours. Ultra-sharp scenes. It's picture perfection at its finest. With 4K (UHD), this Ambilight TV adapts to all of your HDR formats. You can devour every incredible moment and detail, whether dark or light, played or streamed, as you watch scene by scene.

P5 picture engine

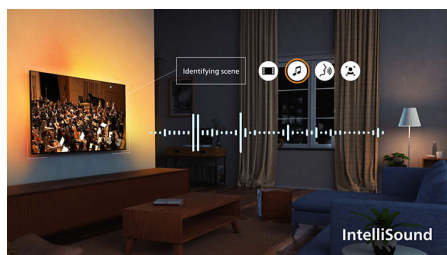

Picture this—detail with greater depth, colour so incredibly vivid, skin tones so real. With such smooth, natural motion and imagery this crisp, it's as if you can feel yourself there in the moment. Open your eyes, elevate the senses and let yourself feel the difference.

Great for gaming

From joystick junkies to the most devout of gamers, this is all about super-responsive gameplay and graphics without skipping a beat. With up to VRR 144 Hz, HDMI 2.1, ultra-low lag and FreeSync premium, everything is there for smoother gameplay. And with Ambilight gaming mode, it's time to immerse yourself even deeper into the action.

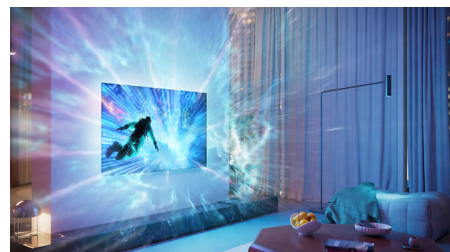

IntelliSound

With our IntelliSound engine on board, your QLED TV can use AI to give you the best possible sound! Whether it's series and films, music or

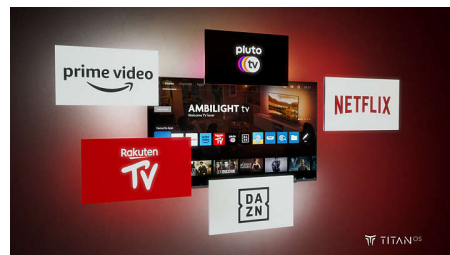

speech-heavy content like news, the TV will optimise settings automatically. Don't want to use AI? You can also select preset sound styles manually or customise settings yourself.

Dolby Vision 2 and Dolby Atmos

Next-gen Dolby Vision 2 and Dolby Atmos put you in the director's seat, with a redesigned image engine and scene-aware AI optimising brightness, colour and motion. Every scene meets cinema standards, delivering immersive, lifelike experiences for films, sports and games.

Philips Smart TV Titan OS

The Philips Smart TV Titan OS platform brings what you love to watch, and fast. From sequels to series and documentaries to drama, everything you want is there at the touch of a button. Whatever you're looking to watch, keep all the best streaming apps easily within your reach.

Swivel Stand

Carefully designed, functional and adaptable stand solution that offers rotational consideration, allowing flexibility, improved ergonomics, an optimal angle of vision and reduced glare.

Highlights

Matter Smart Home compatible

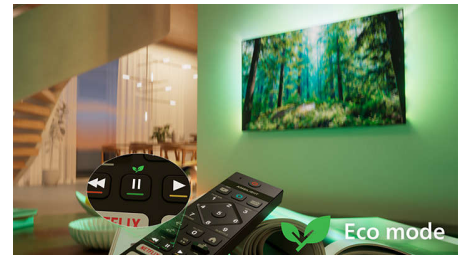

Matter Smart Home compatibility brings seamless integration to your existing smart home network. To control the TV from your Matter Smart Home app or with voice control services, simply push the button on your remote and speak. Dim the lights. Adjust your thermostat. Even turn on your Philips Ambilight TV. A single command does it all.

All-in-one remote

All-in-one remote lets you have full control of your Philips TV, soundbar, headphones and even external tuner boxes with just one remote control. Experience seamless and unified command. No more juggling with multiple remote controls. Just smooth, connected convenience every time.

Eco, slim design

Sustainability meets style. This beautifully crafted ultra-slim TV is designed with the planet in mind, from a remote made of recycled plastics to FSC-certified packaging and inserts printed on recycled paper. With Eco Mode, you can lower energy consumption across all content and settings in just one tap.
