

PHILIPS

Wet and Dry electric shaver

Shaver series 9000

Pressure Guard sensor

Dual SteelPrecision blades

Dermatologically tested

360 D Flexing heads

S9987/55

Superior closeness*, personalised skin comfort with SkinIQ Technology

The most intelligent shaver powered by A.I gives you incredible skin comfort. Get feedback on shaving pressure to protect your skin, while cutting hair closer, even on 5-day beards. It senses, guides and adapts to your unique face.

A close shave

- Advanced precision for a closer shave*
- Smooth gliding for better skin protection
- Flexible heads follow your facial contours

SkinIQ technology

- Helps you to shave with optimal pressure
- Guides you to an improved technique with fewer passes
- Adjusts to your beard for effortless shaving
- Enhanced shaving experience with app

For a convenient shave

- Deep cleaning in just 1 minute for hygienic shaving
- Up to 60 minutes of cordless shaving when fully charged
- Shave wet, dry and even under the shower
- Precision trimmer integrated in the handle
- Charging stand

Highlights

Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalised shave that is just right for you.

Dual SteelPrecision blades

With up to 150.000 cutting actions per minute, the Dual SteelPrecision blades shave close. The 72 high-performance blades are self-sharpening and made in Europe.

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to a more efficient technique via our GroomTribe app. After just three shaves, the majority of men achieved a better shaving technique for fewer passes**.

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 2000 micro-spheres that coat every square millimeter. Minimise irritation by reducing 25% of friction on skin***.

Power Adapt sensor

The intelligent facial-hair sensor reads hair density 500 times per second. The technology auto-adapts cutting power for an effortless and gentle shave.

360 D Flexing heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and comfortable shave.

Personalisation via app

Perfect your shave by pairing your shaver with the Philips GroomTribe app. Shave by shave, track the progress of your skin, personalise your shave and master your technique for a shave that's as close as it is kind to skin.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10 x more effective than cleaning with water***. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Wet and Dry

Adapt your shaving routine to your needs. With Wet and Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

Specifications

Shaving Performance

Shaving system: Dual SteelPrecision blades

Contour following: 360 D Flexing heads

SkinIQ technology: Pressure Guard sensor, Protective SkinGlide coating, Motion Control sensor, Power Adapt sensor

Ease of use
