

# ELITE SHARK CM100

With a front and side made of continuous glass, the ELITE SHARK CM100 offers a spectacular showcase for your hardware in a compact micro-ATX format. In addition, the side-panel air intake, four pre-installed fans, and space for up to two radiators all provide a cooling performance that is ready to impress. And with modern connection options and support for the latest BTF mainboards, the micro ATX case is the ideal choice for ambitious hardware enthusiasts.

## Features

### ■ HARDWARE IN THE SPOTLIGHT

The specially manufactured glass of the ELITE SHARK CM100 allows an impressive 270-degree view into the inside of the case and puts high-end hardware components into the foreground.

### ■ EFFICIENT COOLING PRE-INSTALLED

Despite the large area of glass, a strong cooling performance is ensured thanks to the side-panel air intake in combination with four pre-installed 120 mm ARGB fans.

### ■ MADE FOR WATER-COOLING ENTHUSIASTS

Despite its small form factor, the ELITE SHARK CM100 is ideal for complex water-cooling systems and offers sufficient space for the simultaneous operation of two radiators.

### ■ BTF READY FOR A TIDY SETUP

The ELITE SHARK CM100 also supports modern micro-ATX mainboards with a BTF layout, which provides tidy cable management thanks to rear-mounted connectors.

### ■ ROOM FOR LARGE HARDWARE COMPONENTS

Despite the micro-ATX form factor, there is space inside for graphics cards of up to 40 cm in length, CPU coolers of up to 17.3 cm in height, and power supply units of up to 18.3 cm.

### ■ FLEXIBLE STORAGE OPTIONS

Those who need a lot of data storage space will also find what they are looking for: The case allows the installation of up to two 3.5" HDDs or up to three 2.5" SSDs.

## Specifications

|                                |                       |
|--------------------------------|-----------------------|
| Product Name                   | ELITE SHARK CM100     |
| Form Factor                    | Micro-ATX             |
| Expansion Slots                | 5                     |
| Interior Painting              | ✓                     |
| Graphics Card Holder           | ✓                     |
| Tool-Free Devices Installation | ✓                     |
| Cable Management System        | ✓                     |
| Side Panel                     | Tempered Glass        |
| Color Versions                 | Black                 |
| Dimensions (L x W x H)         | 44.0 x 23.2 x 44.8 cm |

## RGB Compatibility

|                         |                                                                                          |
|-------------------------|------------------------------------------------------------------------------------------|
| Type                    | Addressable                                                                              |
| Ports                   | 5                                                                                        |
| Manual Control          | 22 Modes                                                                                 |
| Mainboard Compatibility | ASUS Aura Sync, MSI Mystic Light Sync, ASRock Polychrome Sync, Gigabyte RGB Fusion Ready |
| RGB Pinout              | 5V-D-coded-G                                                                             |

## Max. Drive Bays

2 x 3.5" | 3 x 2.5"

## I/O

Type-C (USB 3.2 Gen 2): 1 | USB 3.0 (Top): 2 | Audio (Top): TRRS

## Fan Configuration

|              |                                                                    |
|--------------|--------------------------------------------------------------------|
| Side Panel   | 2x 120 mm ARGB PWM Fan (Pre-installed) or Radiator (Optional)      |
| Rear Panel   | 1x 120 mm ARGB PWM Fan (Pre-installed)                             |
| Top Panel    | 3x 120 mm or 2x 140 mm Fan or Radiator (Optional)                  |
| Bottom Panel | 1x 120 mm ARGB PWM Fan (Pre-installed) + 2x 120 mm Fan* (Optional) |
| PWM Fan Hub  | 5-Port                                                             |

## Compatibility

|                                      |                           |
|--------------------------------------|---------------------------|
| Mainboard                            | Mini-ITX, Micro-ATX (BTF) |
| Max. Length Graphics Card            | 40.0 cm**                 |
| Max. Height CPU Cooler               | 17.3 cm                   |
| Max. Length PSU                      | 18.3 cm / 30.0*** cm      |
| Max. Height Radiator incl. Fan (Top) | 5.5 cm                    |

## Package Contents

ELITE SHARK CM100, Accessory Set

## EAN Code

ELITE SHARK CM100 Black 4044951041107

\* Installing a fan on the power supply tunnel can conflict with the installation of add-on cards

\*\* A graphics card length of more than 25 cm may conflict with radiator installation on side panel

\*\*\* With HDD/SSD cage removed
