

STEADFAST.

FEATURES

Patterned Ventilation – A gradient of perforations provide fresh air to cool the system as both a functional and aesthetic design element.

Highlighted Accent – A glossy, colored accent outlines the front panel, complementing the ventilated area.

Cooling Support – Support for a total of 3 fans and front and rear water cooling ensure a high capacity for thermal performance.

Clean Routing Space – There is 19~27mm width of space behind the motherboard tray to efficiently manage and organize cables.

Versatile Component Support – Clearances of 410mm for the graphics card, 165mm for CPU coolers, and 200mm for PSUs offer room for powerful builds and future upgrades.

The MasterBox E501L

The MasterBox E501L is the essential solution for optimized cooling. A gradient of perforations below the ODD allow fresh air into the system for both air-cooled and liquid cooled configurations. The glossy, colored accent around the front panel compliments the ventilated area.

For simple tasks, the E501L is a cost-effective solution to professional computing. For higher-demand tasks, the E501L can be upgraded to house liquid cooling with enough clearance for the longest, widest graphics cards.

SPECIFICATIONS & PACKING INFORMATION

Product Name		MasterBox E501L
Product Number		MCB-E501L-KN5N-S00
Exterior Color		Black
Materials	Exterior	Plastic
	Side Panel	Steel
Dimensions (L x W x H)	incl. Protrusions	481mm x 205mm x 458.5mm
	excl. Protrusions	428.7mm x 205mm x 450.5mm
Volume (Liters excl. Protrusions)		45.2L
Motherboard Support		Mini-ITX, Micro-ATX, ATX
Expansion Slots		7
Drive Bays	5.25" ODD	1
	3.5" HDD	2 (Max.3)
	2.5" SSD	2 (Max.3)
I/O Panel	USB Ports	USB 3.2 Gen1 x 1 (USB 3.0) USB 2.0 x 1
	Audio In / Out	1 x 3.5mm Audio Jack 1 x 3.5mm Mic Jack
	Other	N/A
Pre-installed Fan(s)	Top	N/A
	Front	N/A
	Rear	120mm x 1 (Black)
	Bottom	N/A
Fan Support	Top	N/A
	Front	120mm x 2, 140mm x 2
	Rear	120mm x 1
	Bottom	N/A
Radiator Support	Top	N/A
	Front	120mm, 140mm, 240mm, 280mm
	Rear	120mm
	Bottom	N/A
Clearances	CPU Cooler	165mm
	Power Supply	390mm (without radiator and HDD installed) 200mm (with radiator and HDD installed)
	Graphics Card	410mm (without radiator installed) 360mm (with radiator installed)
Cable Routing	Behind MB Tray	19~27mm
Dust Filters		Front, Bottom
Power Supply Support		ATX PS2

FEATURES

Patterned Ventilation

A gradient of perforations provide fresh air to cool the system as both a functional and aesthetic design element.

Highlighted Accent

A glossy, colored accent outlines the front panel, complementing the ventilated area.

Cooling Support

Support for a total of 3 fans and front and rear water cooling ensure a high capacity for thermal performance.

Clean Routing Space

There is 19~27mm width of space behind the motherboard tray to efficiently manage and organize cables.

Versatile Component Support

Clearances of 410mm for the graphics card, 165mm for CPU coolers, and 200mm for PSUs offer room for powerful builds and future upgrades.
