The brand new Freerider series now also features a Lite version of the well-known skiing backpack for all of those who need less space and look for lighter weight. YOU still don't have to resign on comfort and features - the Freerider Lite has it all.

It also comes with the new very clean design.

HIGHLIGHTS OF FREERIDER LITE 22 SL

Lightweight even less weight	Delrin Frame Tensioned Delrin® U Frame provides stability with little extra weight.	Padded Hip Belt An additional padding on the hip belt provides more carrying comfort.
Sternum Strap The sternum strap stabilizes the pack on the shoulders.	Valuables Pocket special pocket on the inside of the pack to keep valuable items safe	Stretch Compartment stretch compartment on the inside of the back to stowe sweaty/wet clothes
SOS-Label provides the most important tips in case of emergency	Ski Fixation attachment for skis	Board Fixation attachment for snowboard or snowshoes
Shovel Pocket reinforced compartment for shovel	Hydration System 3.0 L Compatible compatible with Streamer 2.0 l & Streamer 3.0 l	Lite System Our lightweight backpacks come into their own during endurance sports and Alpine day treks. Reduced to the essential, they are ideal for comfortably carrying light to medium loads depending on the volume. However, lightness must never come at the expense of durability. That is and always was our corporate philosophy, because disposable products put a strain on the environment and a backpack that falls apart high up in the mountains can also be dangerous.

SUITABLE FOR

Ski Touring

Snowboarding

Alpine Skiing

BACK SYSTEM: (SPEED) LITE SYSTEM

1 **ERGONOMICAL SHOULDER STRAPS**

Carrying comfort and perfect fit through ergonomically S-shaped shoulder straps with easy to adjust chest strap.

2 **THE EXTREME LIGHT AND MINIMALISTIC COMPACT LITE BACK SYSTEM**

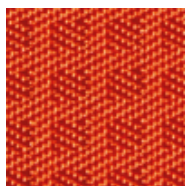

provides carrying comfort for low to medium loads. It provides a close and safe fit for challenging terrain a by padded back with ventilated 3D-AirMesh.

4 **EXTENSIVE FREEDOM OF MOVEMENT**

and an optimum load centre thanks to the unusual athletic V-cut.

MATERIAL

100D PA High Tenacity

The lightweight version of our Nylon Pocket Rip. The thin yarn is extremely lightweight. Yet the tight weave makes it extremely abrasion and tear resistant.
